## BISHOP A. K. SAGEN DIES AT HOSPITAL

### Head of Lutheran Synod Succumbs

#### APPENDICITIS WAS CAUSE

#### Local Prelate Failed to Recover from Operation Last Week

Rev. A. K. Sagen, president of the eastern district of the Norwegian Evangelical Lutheran synod of America, residing at 1107 Jackson street, died at 2:30 this morning at the La Crosse Lutheran hospital from the effects of an operation for appendicitis, which he underwent about two weeks ago.

Deceased was 55 years of age, and was born Feb. 11, 1851, near Perry, Wis.

He graduated from Luther college at Decorah, Ia., in 1874, and from the Concordia seminary in St. Louis in 1879.

His first pastorate was at Wild Rose, Minn., where he assisted until 1884. From there he went to Washington Prairie, and Calmar, Ia., where he was located until 1888.

In August, 1888, he was assigned to a pastorate in La Crosse and retained that position until 1894 when he became vice president of the eastern district of the synod of the Norwegian Evangelical Lutheran Church of America.

In 1903 he became president and still officiated in that office up to the time of his recent illness.

He was president of the church extension board from 1893 to 1902 and was a member of the board of home missions from 1895 to 1898.

He was president of the La Crosse Lutheran hospital where he passed away, from 1899 to 1902 and was one of its principal founders. He was at present one of the board of directors and a very prominent and active member.

He leaves a widow and family. Funeral services will be held here Wednesday, after which the body will be sent to Decorah, Ia., for burial.

## MADGE EELS HADLEY IS DIVORCED

Madge Hadley, nee Madge Eels, the wife of George L. Hadley, Chicago, Ill., formerly an employee of the Bergh Piano company, Fourth and Jay streets, was granted a divorce by Judge Gibbons in thirty minutes in Chicago on Jan. 25, after unusual efforts were made to secure the decree.

The divorce was asked upon statutory grounds. Mrs. Hadley answered all the questions propounded to her by the attorneys in a low and almost inaudible tone. An investigator claimed that he had followed the husband to a house of questionable character and this was used to secure the separation.

Mr. and Mrs. Hadley were married about one and a half years ago after a short courtship. Hadley, a brother-in-law of C. N. Kimball, of the piano manufacturing firm of W. W. Kimball & Co., traveled for the Kimball company. He made frequent trips to La Crosse and often called upon Miss Eels.

Mrs. Hadley was known in society of La Crosse. Friends here have received no inkling of her further intentions. The news received here does not say whether alimony was allowed.

## THREATEN REPEAL OF FRANCHISE

### Resolution Demands Improved Service on Penalty of Discontinuance

Repeal of the franchise of the La Crosse City Railway company is promised if the company does not make needed improvements to its city service by March.

A resolution to this effect was introduced by Alderman Valentine, author of the "no seat, no fare" measure of one month ago, last night and passed by the councilmen after a stubborn battle. The vote in favor of the ordinance was nine to seven. The opposing aldermen desired to give the street railway company more time.

Nearly the entire council was a unit to take definite and decided action to bring the company to time. The inadequate and abominable service tendered La Crosse has exasperated the majority of the aldermen.

Following is the vote on the question:

Ayes—Boyle, Downs, Grover, Houska, Jojode, Roellig, Rose, Schulze, Valentine—9.

Nays—Emery, Foerster, Hirschheimer, Keller, Lang, Rehuss, Smith—7.

Alderman Rose marshaled the forces against the street railway company, assisting Alderman Valentine at a moment when the outlook was dark. With Aldermen Downs and Schulze contributing their aid, the measure passed with two votes to spare.

#### Measure a Surprise

The report of the committee on the "no seat, no fare" ordinance of Alderman Valentine gave the street railway company until July 1 to better the car service on promise of B. E. Edwards, president of the company, that four new cars had been ordered. This decision was reached in a committee meeting early in the week. The report and resolution passed unanimously, not an alderman voting against it.

When Alderman Valentine introduced his measure, as he had promised earlier in the session, but not revealing its contents, Alderman Rose seconded it. "I would not have voted for the first if I had known the contents of this measure of Alderman Valentine," said Alderman Rose. "It is more forceful and provides a penalty which will compel improvements."

"The time to do something is now. Presidents Edwards has promised and promised and what has become of these promises. Nothing, they have been dropped from memory gradually. Act now, tonight."

#### Promises Are Nil

"Mr. Edwards promised a line to the Catholic cemetery five years ago or so and it was built only last fall," said Alderman Valentine in his argument. "These promises have never been kept."

"I know the conditions of the North side cars because I am compelled to use them. The conditions are an outrage."

The figures of Superintendent Livemore were introduced, but the aldermen did not see how four more cars would change the service materially, when no new plans for running schedules were announced.

Cars if Wanted Alderman Schulze furnished the clincher for the argument. He said: "During fair time and baseball season, the company always has several cars on hand, ready to accommodate the crowds, but now they have not. The cars are kept in the barn."

"The other night, when returning home, I saw a car filled with men and women. The women were obliged to hold babies high in the air that they would not be crushed or suffocated."

Alderman Keller desired to have a committee appointed to visit the barns of the company during rush hours and ascertain if cars were left in the barn. The move would have delayed action for another month for a meeting of the council will not be called until March. This proposition fell by the wayside when the council voted in the measure of Alderman Valentine.

No unfair advantage will be taken of the company, provided it uses all possible cars in its service and does the best possible. The resolution provides for the repeal of the franchise by the council.

The small son of Charles Voigt of Kenosha ate six strychnine pills that he found while playing. He is still in the hospital.

## ANNOUNCEMENT

The Tribune takes pleasure in announcing today the purchase of the newspaper property, subscription accounts, plant, equipment and good will of The La Crosse Tribune to the Lee Newspaper Syndicate, an organization of newspaper men now owning the Davenport, Iowa, Times, The Ottumwa, Iowa, Courier, The Muscatine, Iowa, Journal and the Hannibal, Mo., Courier-Post.

Mr. A. M. Brayton, who has been the editor of The Tribune will be the publisher of The Tribune under the new management and also a stockholder of the company. Mr. Frank H. Burgess, who for the past four years has been in the office of the Davenport Times, will move to La Crosse at once and be the business manager of The Tribune. Mr. A. W. Lee, the president of the Lee Newspaper Syndicate will be the president of The La Crosse Tribune company. Other stockholders, besides Mr. Lee and Mr. Brayton will be the following: W. E. Barber, the present business manager of The Tribune, W. V. Kidder, city editor, E. P. Adler, publisher of The Davenport, Iowa, Times, James F. Powell, publisher of the Ottumwa, Iowa, Courier, F. H. Burgess, new business manager of The Tribune. From this list of stockholders, it will be seen that the new Tribune will have behind it the experience and capital of a number of successful newspaper men.

It will be a source of delight to the many staunch friends of The Tribune in La Crosse and the surrounding country who have stood by it through its several years of good work to know that outside capital has become attracted to the property and to La Crosse as a progressive city. The new owners of the property are all newspaper men of experience and ability and have made this investment in La Crosse believing thoroughly in the future of this city and its territory. They believe that La Crosse is entitled to a first-class metropolitan newspaper such as is published by this organization in the other cities. The new owners of the property content-

plate many extensive improvements in the plant and equipment and the appearance of the paper in the near future. The La Crosse Tribune will be equipped as soon as the machinery can be built, with a plant such as has never before been seen in La Crosse and which will be the finest in the state of Wisconsin outside of Milwaukee. A three-deck twenty-four page Goss perfecting press, printing 24,000 complete papers per hour up to and including twelve pages at one impression, will be ordered at once and will be installed as soon as it can be built at the factory. Two additional Mergenthaler typesetting machines will be purchased at once and installed as soon as they can be manufactured. A complete electrical equipment for the operation of the new plan will be also purchased and many other improvements made towards giving La Crosse a newspaper property of which the city can well feel proud. No expense will be spared to make this property strictly first-class. The force of employees will be greatly increased as the new equipment is placed and a much better newspaper will be published to its subscribers. Further announcements as to the plans of the company will be made known from time to time as they develop.

It should also be thoroughly understood that the plans of the new company do not call for any change in the present policy of The Tribune. The new owners will continue to publish the paper in the interests of the whole people of La Crosse and without being an adjunct or connected in any way with any corporation or public utility. Each of the Lee Syndicate papers is handled as a separate and distinct institution and must stand on its own bottom. In the other cities in which papers are owned by this organization, the papers have always stood for the interests of the people and are in no way connected with public utilities of any kind. The business of the Lee Syndicate is to publish newspapers and to give the people the news. They thoroughly realize the first duty of a newspaper

is toward its subscribers. The Lee Syndicate is organized to publish but one paper in a town and by such an organization, paper, ink, machinery, news service and advertising can be handled in a more economical manner. Each one of its properties are conducted on business principles and purely as business propositions.

As stated above, The Tribune will appear as usual Monday as an evening newspaper with Mr. Brayton as editor and Mr. Frank Burgess as business manager. Mr. W. V. Kidder will be retained as city editor.

#### TO THE PEOPLE OF LA CROSSE

It is with keen pleasure that we publish today an announcement which incorporates the realization of all our hopes for The Tribune. During nearly three years of incessant labor and intimate relationship with the people of this community, during which this journal has been instrumental in the accomplishment of many things important to La Crosse, we have, we feel, come to know the people, and to appreciate the public spiritedness that characterizes their attitude toward all things relating to the public welfare. We feel deeply grateful for the liberal and loyal support that has been given us, and it affords us satisfaction to be able to assure our readers that The Tribune will not only become a much better newspaper, but will continue the popular policy outlined in its first issue and adhered to through nearly three years of active work in behalf of the common good. Appreciation of past favors and generosity, and ambitious for the continuance of frank and honest journalism here in the future, we commend to your further favor The Tribune as it will be hereafter, a healthy, honest and aggressive metropolitan newspaper, amply financed, whose hopes for success are founded on its publisher's appreciation that all substantial achievement must be based upon fair and fearless dealing with the public. Respectfully,

A. M. BRAYTON,  
W. E. BARBER.

## SAENGERFEST FUND IS COMPLETE; ASK MORE

### COMMITTEE WILL KEEP ASKING SO LONG AS MONEY COMES.

Over \$2,000 for a guarantee fund for the saengerfest of the Northwestern saengerbund in La Crosse in 1908 has been raised, the soliciting committee reporting \$15,300 this afternoon. The committee met in the offices of the Board of Trade to make a complete report.

Tomorrow afternoon another meeting will be held in Germania hall, Fifth and Market streets. Here the preliminary organization will be effected and a board named to take charge of the preliminary work. Just what will be done is not known, but an actual start toward preparing for the saengerfest will be made.

Although success has crowned the efforts of the soliciting committees, the work will be continued. In event the pledgers of the guarantee fund must pay a portion of the promise, the amount will be small and distributed among many. The committee will continue solicitations until the fund reaches an amount as large as obtainable.

## SON OF MILLIONAIRE IS KILLED

### While Preparing Himself as Fireman, for Railroad-Career

(Scripps-McRae Dispatch.)

• OSSINING, N. Y., Feb. 9.—  
• Of two trainmen killed yesterday in a wreck of the Adirondack express, near here, it is learned today one was Alfred Armitage, son of the Albany millionaire, who was working as a fireman to prepare himself thoroughly as a practical railroad man. He refused a position of importance in the New York Central offices. The surviving trainmen were arrested.

## OVERDOSE OF OPIATE FATAL

C. H. Girard, a former dentist, and well known resident of the city, was found dead this morning in his apartments, 235 South Third street, by his landlord. Mr. Girard is supposed to have taken an overdose of some opiate, as he had not been feeling well for several days.

He was born in Marathon county, New York and formerly conducted dental parlors on South Fourth street, retiring from this profession in 1902. He was 56 years of age and was a member of the M. W. A.

Funeral arrangements have not been completed, but the funeral will be held in either La Crosse or in Huron, S. D., where he has wealthy relatives.

## REPUBLICANS TO FRAME A SLATE

### Many Aspirants for Office Will be Out in Spring Campaign

Republicans are stirring themselves for the municipal primary campaign. With the democratic slate almost made up, and two candidates mentioned for mayor, the republicans have decided to begin the battle for nominations. A slate, fixing candidates for nearly every office, has been prepared, but others may enter their names.

Following is a list of aspirants for nomination:  
George W. Bunge, mayor.  
Andrew Thompson, city treasurer.  
Frank Collier, city clerk.  
Joseph Vrchota, tax commissioner.  
E. H. Shaul, city clerk.  
Samuel Guertin, commissioner board of public works.

Lemuel Gosnell, police justice.  
Andrew Thompson and Lemuel Gosnell already have their primary papers in circulation, while others are expected to follow at once.

It is practically conceded that George W. Bunge will lead the republicans, heading the ticket for mayor.

monies so received shall be devoted:

First. To the care, heating and lighting of the building if such cost be in excess of the state subvention for this purpose.

Second. To such further expense as may be necessarily incurred in the management and operation of said auditorium.

Third. The interest on the construction bonds.

Fourth. Payment annually of \$1,000 into the sinking fund.

Fifth. That they will pay into the sinking fund one-half of all monies received in excess of the above expenditure.

#### Standard Oil to Build

Permission to construct large tanks and storage warehouses, on the causeway just north of the La Crosse river and also the Heileman ice house, was asked by the Standard Oil company. The franchise is for fifty years. The measure was referred to the city attorney and ordinance committees.

The increasing business of the company in the La Crosse district and the desire to make this city one of the headquarters caused the application for a franchise.

Bonds, in the sum of \$15,000, for permanent street improvements, were ordered by the council. The bonds will be dated April 1, 1907 and run for a period of twenty years with interest at 4 per cent. It will be optional with the city to redeem the bonds any time after ten years. The sum of \$750 will be placed in the sinking fund each year to pay off the bonds and \$600 will be realized to pay the interest annually.

#### No Free Fares

School children living a distance of two miles or more from the new high school will not receive free fare from the city. In spite of the favorable reports of two committees after a second consideration of the resolution, the council voted down the measure. The North side members voted as a unit in favor of it, but the South side aldermen, whose children would not be benefited, although some live almost two miles away, were another unit against and carried the day. The resolution provided for the appropriation of \$500 to defray the expenses.

George J. Ritter, tolltaker at the Mississippi river wagon bridge, tendered his resignation. Mayor Torrance read the resignation, which was accepted. Matt Stark, bridge carpenter, was appointed tolltaker to succeed Ritter.

#### Abandon Light Towers

Alderman Roellig read a resolution, providing for an inspection of all electric light towers to see if they are in a safe condition. If not, they will be torn down and street lights placed in their stead. The light committee and Aldermen Jojode and Downs will conduct the investigation.

#### Watchmen at Crossings

Hereafter the Chicago, Burlington & Quincy Railway company must maintain watchmen at Vine, State, Main and Pearl street crossings from the time of the first morning train until the last at night. The road also must stop all trains at Mormon Coulee road crossing and also the causeway, under heavy penalty. The Chicago & Northwestern must maintain watchmen at the La Crosse street

## FUNDS FOR PROSECUTION OF ASSASSIN

### Strange Provision of Thaw's Will

#### NEW TRIAL IS CERTAIN

### Because of Errors, if he is Convicted Now; Thaw to Take the Stand

(Scripps-McRae Dispatch.)

NEW YORK, Feb. 9.—Delmas is reported to have today insisted that Thaw take the stand in his own defense.

It is practically decided the defendant will tell his own story; the story of the mental tortures and sufferings from realization of his wife's persecution without the ability to right them; the visions of her pure soul blackened by a conscienceless envoy of Satan.

It is expected to surpass in dramatic interest Evelyn's tale of her ruin.

NEW YORK, Feb. 9.—Thaw's will is to be Delmas' strong point to cards substantiation of the defendant's insanity. He hopes to secure Jerome's consent to its introduction Monday. "The will of itself," said Delmas this morning, "is sufficient evidence to show the effect of White's cruelties on his mind."

The will was drawn on the night of Thaw's marriage to Evelyn. It is partly typewritten, and partly in the handwriting of Thaw, being interlined and scribbled. However, it is properly signed and sworn, and bears a properly attested codicil.

#### Thaw Feared Assassin

Here are its chief points:  
"A fund of \$50,000 to be set aside by Thaw's trustees for the purpose of prosecuting the man who might assassinate him, or cause him to be assassinated."

"A fund of \$75,000 to be set aside by his trustees for the care of orphans girls and others, all of whose names are mentioned, who were subjected to the same treatment by Stanford White as that received at his hands by Evelyn Nesbit. White's name is specifically mentioned in this clause."

"A fund to be set aside for the education of Howard Nesbit, brother of Evelyn Nesbit Thaw, and the young man who is now arrayed against Thaw."

"Provision for a fixed income for Mrs. Holman, Evelyn Thaw's mother, during the remainder of her life."

"The balance of his income from the Thaw estate, after these trust funds had been created, to be paid over annually to his wife so long as she lived."

New Trial Certain Evelyn visited her husband this morning for two hours.

Gleason and Peabody called for a short conference. Charles Owens, under subpoena by the state in the Thaw trial, was arrested today and reprimanded for intoxication and dismissed. Owens is supposed to know the whereabouts of Nellie Neahy, formerly Evelyn's maid, whom Jerome is anxious to bring into court. Owens said he did not know.

Three justices of the supreme court whose names are withheld express the opinion Thaw is certain to gain a new trial even if convicted this time on grounds of a slight error. The error was made, they claim, in permitting Evelyn to lean forward in the witness chair and whisper to the prosecution the names of the men and women she knew in the company of White.

It was previously agreed between counsel that such names would not be mentioned.

Here the preliminary organization will be effected and a board named to take charge of the preliminary work. Just what will be done is not known, but an actual start toward preparing for the saengerfest will be made.

Although success has crowned the efforts of the soliciting committees, the work will be continued. In event the pledgers of the guarantee fund must pay a portion of the promise, the amount will be small and distributed among many. The committee will continue solicitations until the fund reaches an amount as large as obtainable.

## OVERDOSE OF OPIATE FATAL

C. H. Girard, a former dentist, and well known resident of the city, was found dead this morning in his apartment, 235 South Third street, by his landlord. Mr. Girard is supposed to have taken an overdose of some opiate, as he had not been feeling well for several days.

He was born in Marathon county, New York and formerly conducted dental parlors on South Fourth street, retiring from this profession in 1902. He was 56 years of age and was a member of the M. W. A.

Funeral arrangements have not been completed, but the funeral will be held in either La Crosse or in Huron, S. D., where he has wealthy relatives.

## COUNCIL TAKES INITIAL AUDITORIUM STEP

## MATTER OF BONDING CITY TO BUILD STRUCTURE TO BE VOTED BY PEOPLE

Initial steps toward constructing an auditorium for officers of the Third regiment, Company M and the Third Regiment band, of the Wisconsin National guard, were taken last night by the common council, when a proposition to have the city bond itself in the sum of \$65,000 was read and referred. The proposition will be submitted to a vote of the people at the spring election. The committees on ordinance, finance, grounds and buildings will consider the measure.

Cameron park, Fourth and King streets, is desired as a location for the building. The money will be borrowed from the state trust funds at a low rate of interest, the resolution specifying 4 per cent, but a lower rate is assured by National guard members. The building will seat 3,500 and the city will receive a portion of the profits from the institution.

Following is the text of the offer of the promoters of the auditorium:

First. That a portion of Cameron park on Fourth and King streets be selected as a site for the proposed building.

Second. That the city shall bond itself in the sum of \$65,000 for the erection of an auditorium to be capable of seating not less than 3,500 people. The guard organizations undertake to use their favored positions as state organizations to obtain the use of state trust funds for the purpose above set forth. They have already received all possible assurance of such aid from the trustees of the state trust funds.

They further agree that the mayor shall be an ex-officio member of the controlling board of the armory and auditorium and that said building shall at all times be available for the holding of public meetings and conventions; that in case of failure to agree on the proper compensation for the holding of said meetings, the common council shall become arbiter and have the right to fix such reasonable sum as shall be accepted as rentals for said purpose.

Such organizations agree to expend for the necessary care, fuel and lights of said building, the monies received by them from the state for these purposes; they further agree to strictly account for said monies received for

## REPUBLICANS TO FRAME A SLATE

## Many Aspirants for Office Will be Out in Spring Campaign

Republicans are stirring themselves for the municipal primary campaign. With the democratic slate almost made up, and two candidates mentioned for mayor, the republicans have decided to begin the battle for nominations. A slate, fixing candidates for nearly every office, has been prepared, but others may enter their names.

Following is a list of aspirants for nomination:

George W. Bunge, mayor.  
Andrew Thompson, city treasurer.  
Frank Collier, city clerk.  
Joseph Vrchota, tax commissioner.  
E. H. Shaul, city clerk.  
Samuel Guertin, commissioner board of public works.  
Lemuel Gosnell, police justice.

Andrew Thompson and Lemuel Gosnell already have their primary papers in circulation, while others are expected to follow at once.

It is practically conceded that George W. Bunge will lead the republicans, heading the ticket for mayor.

monies so received shall be devoted:

First. To the care, heating and lighting of the building if such cost be in excess of the state subvention for this purpose.

Second. To such further expense as may be necessarily incurred in the management and operation of said auditorium.

Third. The interest on the construction bonds.

Fourth. Payment annually of \$1,000 into the sinking fund.

Fifth. That they will pay into the sinking fund one-half of all monies received in excess of the above expenditure.

### Standard Oil to Build

Permission to construct large tanks and storage warehouses, on the causeway just north of the La Crosse river and also the Heileman ice house, was asked by the Standard Oil company. The franchise is for fifty years. The measure was referred to the city attorney and ordinance committees.

The increasing business of the company in the La Crosse district and the desire to make this city one of the headquarters caused the application for a franchise.

Bonds, in the sum of \$15,000, for permanent street improvements, were ordered by the council. The bonds will be dated April 1, 1907 and run for a period of twenty years with interest at 4 per cent. It will be optional with the city to redeem the bonds any time after ten years. The sum of \$750 will be placed in the sinking fund each year to pay off the bonds and \$600 will be realized to pay the interest annually.

### No Free Fares

School children living a distance of two miles or more from the new high school will not receive free fare from the city. In spite of the favorable reports of two committees after a second consideration of the resolution, the council voted down the measure. The North side members voted as a unit in favor of it, but the South side aldermen, whose children would not be benefited, although some live almost two miles away, were another unit against and carried the day. The resolution provided for the appropriation of \$500 to defray the expenses.

George J. Ritter, tolltaker at the Mississippi river wagon bridge, tendered his resignation. Mayor Torrance read the resignation, which was accepted. Matt Stark, bridge carpenter, was appointed tolltaker to succeed Ritter.

### Abandon Light Towers

Alderman Roellig read a resolution, providing for an inspection of all electric light towers to see if they are in a safe condition. If not, they will be torn down and street lights placed in their stead. The light committee and Aldermen Jojade and Downs will conduct the investigation.

### Watchmen at Crossings

Hereafter the Chicago, Burlington & Quincy Railway company must maintain watchmen at Vine, State, Main and Pearl street crossings from the time of the first morning train until the last at night. The road also must stop all trains at Mormon Coulee road crossing and also the causeway, under heavy penalty. The Chicago & Northwestern must maintain a watchman at the La Crosse street

## FUNDS FOR PROSECUTION OF ASSASSIN

## Strange Provision of Thaw's Will

## NEW TRIAL IS CERTAIN

## Because of Errors, if he is Convicted Now; Thaw to Take the Stand

(Scripps-McRae Dispatch.)  
NEW YORK, Feb. 9.—Delmas is reported to have today insisted that Thaw take the stand in his own defense.

It is practically decided the defendant will tell his own story; the story of the mental tortures and sufferings from realization of his wife's persecution without the ability to right them; the visions of her pure soul blackened by a conscienceless envoy of Satan.

It is expected to surpass in dramatic interest Evelyn's tale of her ruin.

NEW YORK, Feb. 9.—Thaw's will is to be Delmas' strong point towards substantiation of the defendant's insanity. He hopes to secure Jerome's consent to its introduction Monday. "The will of itself," said Delmas this morning, "is sufficient evidence to show the effect of White's cruelties on his mind."

The will was drawn on the night of Thaw's marriage to Evelyn. It is partly typewritten, and partly in the handwriting of Thaw, being interlined and scribbled. However, it is properly signed and sworn, and bears a properly attested codicil.

### Thaw Feared Assassin

Here are its chief points: "A fund of \$50,000 to be set aside by Thaw's trustees for the purpose of prosecuting the man who might assassinate him, or cause him to be assassinated."

"A fund of \$75,000 to be set aside by his trustees for the care of choroid girls and others, all of whose names are mentioned, who were subjected to the same treatment by Stanford White as that received at his hands by Evelyn Nesbit. White's name is specifically mentioned in this clause."

"A fund to be set aside for the education of Howard Nesbit, brother of Evelyn Nesbit Thaw, and the young man who is now arrayed against Thaw."

"Provision for a fixed income for Mrs. Holman, Evelyn Thaw's mother, during the remainder of her life."

"The balance of his income from the Thaw estate, after these trust funds had been created, to be paid over annually to his wife so long as she lived."

### New Trial Certain

Evelyn visited her husband this morning for two hours. Gleason and Peabody called for a short conference.

Charles Owens, under subpoena by the state in the Thaw trial, was arrested today and reprimanded for intoxication and dismissed. Owens is supposed to know the whereabouts of Nellie Neahy, formerly Evelyn's maid, whom Jerome is anxious to bring into court. Owens said he did not know.

Three justices of the supreme court whose names are withheld express the opinion Thaw is certain to gain a new trial even if convicted this time on grounds of a slight error. The error was made, they claim, in permitting Evelyn to lean forward in the witness chair and whisper to the prosecution the names of the men and women she knew in the company of White.

It was previously agreed between counsel that such names would not be mentioned.

Because of opposition of the faculty the minstrel show which has been

At Racine, Judge Belden has filed a decision in the case of William Pierce against the Chicago & Milwaukee Electric railway, denying a motion for a new trial on the part of the defendants. The new line passed through the Pierce farm. Commissioners awarded Mr. Pierce \$4,000 damages. He appealed from the award, and so did the railway company. The case was afterward tried in the circuit court and a jury gave Mr. Pierce a verdict of \$6,300.

## AT THE THEATERS

"Hazel Kirke" was presented by North Brothers last evening and the old play was very well received. This evening "The Bowery Detective," a sensational melodrama in four acts will be produced. It is said to embrace many funny situations and thrilling climaxes. The company will close its engagement tomorrow with two performances. "Tanning a Mother-in-Law" is billed for the matinee and "The Country Girl" at night.

The management in introducing "The Time, the Place and the Girl," which will be produced at the La Crosse theater on Thursday night, next, not only promises but assures us that this production is a distinct departure from all others that have been presented in this city.

"The Time, the Place and the Girl" was taken from an actual occurrence, the scenes being reproduced from photographs around which the story was written. "Johnny Hicks," a slangy, good-natured and honorable young gambler is away from the old stereotyped stage character, very original and refined, and above all, highly pleasing. Molly Kelly, the trained nurse; Pedro, the organ grinder; Willie, the spoiled child, and the Coal Heaver hold up the comedy end of the play. The chorus comes from the LaSalle school, long noted for its "Broilers" having a reputation as being the greatest training school for choristers in America. The cast in its entirety has been carefully selected, the equipment is complete in every detail, the stage being stripped of everything before the arrival of the company to make room for the massive scenic effects.

One of the most beautiful pictures ever witnessed is that used in the second act; 40 young ladies so arranged and grouped to reproduce a large American flag, covering the entire entire stage. Mr. Deagon sings "Thursday's My Jonah Day." Since the days of "After the Ball," nothing has ever equalled this song hit.

Seats are now selling for this engagement at the box office of the theater.

A great play, beautiful scenery, and a company of clever actors is what Gordon & Bennett offer the theatergoers of this city when their justly famous production, "The Holy City," comes to the La Crosse theater next Wednesday evening. This great play has been such an emphatic success in its three seasons before the public that it has become almost a household word throughout the country. Its coming to this city may be looked upon as more or less of a compliment to us and a feather in the cap of the local management. Seats for the one performance in this city will be placed on sale Monday morning and from present indications the demand for them will be unusually heavy.

Ellen Beach Yaw stands, not only the queen of coloratura sopranos, but the queen of concert singers as well. Of the few noted singers touring America this year Miss Yaw probably would be selected as pre-eminent. Beautiful of face, magnetic in per-

sonality and gifted with a voice such as is heard but one or twice in a decade, it is not at all surprising that her coming to this city on Thursday next should be considered an event of very first importance.

Seats ready next Monday morning.

## WILL NOT DEPEND UPON HOTELS

(Tribune Special Service.)  
CHICAGO, Ill., Feb. 9.—To provide against a possible condition of crowded hotels in New Orleans during the Mardi Gras next week, the passenger department of the Illinois Central railroad is running a special train from Chicago to the Crescent city in which passengers will eat and sleep while there. This is the first time such a scheme has been tried, and it is the outcome of complaints of overcrowded hotels and high rates in New Orleans during the carnival week.

The train, which left this city this morning, is one of the finest ever operated over the Illinois Central, comprising diner, library and observation cars in addition to the sleepers. The train will be operated from Memphis south over the Yazoo and Mississippi Valley route, arriving in Vicksburg and the National Military park. New Orleans will be reached at 9 o'clock Sunday evening.

### RECEPTION

One of the pleasing events of the season was the afternoon reception Friday afternoon at the home of Alfred Harrison, 1333 Main street at which his wife and daughter, Miss Miriam Harrison were hostesses. It was one of the regular old time affairs, such as has not been given for a long time. Where one meets all their friends and neighbors, therefore exceedingly enjoyable. Three hundred invitations were sent out and it is safe to say from appearances that nearly all were accepted.

The rooms were all simply decorated in green and red, carnations and smilax being used to good advantage in all available places. The ladies in charge of the reception rooms were Mesdames Ray S. Reid, J. L. Pettingill, Alex Hyslop, E. L. Spicer. The dining room was in charge of Mrs. Meason and Mrs. W. A. Pryor. Mrs. Oyen and Mrs. W. F. Wolfe attended with Mrs. H. J. Hirschheimer in serving coffee and salad. Their assistants were the Misses Irma, Olga and Jeanette Candrian and Miss Edna Valier. In the library where the ice cream was served were Mrs. Sarles and Miss Maud Pettingill, assisted by Miss Edna Coren and Miss Freda Michel. Miss Esther Wagner attended the door.

The event was so charming that many lingered long after the receiving hour and then took their departure with reluctance.

The Twentieth Century club met with Mrs. A. H. Mitchell Tuesday afternoon. The lesson was upon cooperation in the home and was ably led by Mrs. C. W. Emery. An unusually interesting paper upon "The New Woman" was read by Mrs. Florence Bunting and both lesson and paper brought out an animated discussion by the members. Delicious refreshments were served.

The Ladies' society of the First Congregational church will be entertained at the church parlors Thursday afternoon by Mrs. S. P. Walker and Mrs. Emma Boley.

Miss Jessie Holway entertained the Wednesday Afternoon Bridge club. The prizes were taken by Jane Beisel and Helen Bellerue. Miss Bellerue will entertain the club at the next meeting which will be in the nature of a valentine party.

"For fifteen years I have suffered from indigestion, indigestion and nervousness as a result of coffee drinking," said a surgeon the other day.

"The dyspepsia became so bad that I had to limit myself to one cup at breakfast. Even this caused me to lose my food soon after I ate it.

"All the attendant symptoms of indigestion, such as heart burn, palpitation, water brash, wakefulness or disturbed sleep, bad taste in the mouth, nervousness, etc., were present to such a degree as to incapacitate me for my practice as a surgeon.

## ARCADIANS ASK AN ANTI-CIGARETTE LAW IN MINN.

Mothers and fathers of Arcadia, Wis. have sent a petition to the Minnesota legislature asking that an anti-cigarette law be enacted in the Gopher state. The failure of the Wisconsin lay to prevent Arcadia youths from securing "pills" is given as the cause.

After the enactment of the anti-cigarette law by the Wisconsin legislature two years ago, Arcadia youths were deprived of the paper covered smokes. The law was enforced strictly in Arcadia, but soon the boys made trips to Winona, Minn., and secured a plentiful stock. The purchase was easy because no cigarette law is in force in Minnesota.

With this state of affairs on hand Arcadia rapidly took up the habit of cigarettes and it has grown. Now the residents desire to stop it and believe the easiest way is to have Minnesota pass a law, thus cutting off the source of supply.

## Charcoal Stops Gas On Your Stomach

Wonderful Absorbing Power of Charcoal When Taken in the Form of Stuart's Charcoal Lozenges.

### TRIAL PACKAGE SENT FREE.

Charcoal, pure, simple charcoal, absorbs 100 times its own volume of gas. Where does the gas go to? It is just absorbed by the charcoal—the gas disappears and there is left a pure, fresh, sweet atmosphere, free from all impurities and germs.

That's what happens in your stomach when you take one or two of Stuart's Charcoal Lozenges, the most powerful purifiers science has yet discovered.

You belch gas in company, sometimes, by accident, greatly to your own humiliation. That is because there is a great amount of gas being formed in your stomach by fermenting food. Your stomach is not digesting your food properly. Gas is inevitable. Whenever this happens, just take one or two of Stuart's Charcoal Lozenges right after eating, and you will be surprised how quickly they will act. No more belchings; no more sour risings. Eat all you want and what you want, and then if there is any gas going to be formed, one of these wonderful little absorbers, a Stuart Charcoal Lozenge, will take care of all the gas.

And it will do more than that. Every particle of impurity in your stomach and intestines is going to be carried away by the charcoal. No one seems to know why it does this, but it does, and does it wonderfully. You notice the difference in your appetite, general good feeling, and in the purity of your blood, right away.

You'll have no more bad taste in your mouth or bad breath, either from drinking, eating or smoking. Other people will notice your bad breath quicker than you will yourself. Make your breath pure, fresh and sweet, so when you talk to others you won't disgust them. Just one or two Stuart's Charcoal Lozenges will make your breath sweet, and make you feel better all over for it. You can eat all the onions and odorous foods you want, and no one can tell the difference.

Besides, charcoal is the best laxative known. You can take a whole boxful and no harm will result. It is a wonderfully easy regulator.

And then, too, it filters your blood, every particle of poison or impurity in your blood is destroyed, and you begin to notice the difference in your face first thing—your clear complexion.

Stuart's Charcoal Lozenges are made from pure willow charcoal, and just a little honey is put in to make them palatable, but not too sweet.

They will work wonders in your stomach, and make you feel fine and fresh. Your blood and breath will be purified.

We want to prove all this to you, so just send for a free sample today. Then after you get it and use it, you will like them so well that you will go to your druggist and get a 25c box of these Stuart Charcoal Lozenges.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 54 Stuart Bldg., Marshall, Mich.

## A FALSIFICATION EXPOSED

The accusation so frequently inspired in a certain quarter that Alderman Walter R. Rose is, "A corporation tool," was answered last evening in a decisive manner when Mr. Rose assumed the championship of Alderman Valentine's aggressive resolution to force the street car company to immediately relieve the demand for better service on pain of losing its franchise.

As reported from committee by Chairman Keller, the original resolution gaped with loopholes for further delay and evasion. Alderman Valentine's resolution was business from start to finish, but standing alone in his advocacy of its substitution, the North side member seemed in a good way to see his effective suggestion go down to defeat. Alderman Rose came up to the occasion in a pointed speech, and immediately the advisability of prompt and uncompromising action was impressed on the members, who promptly passed the Valentine resolution.

One of the tricks of men who are "owned" by corporations is to attempt to smear all who oppose them with the same coat that mars their own features. Alderman Rose has been from the start a thorn in the side of the public utilities whenever they have attempted to do what they should not do or neglected to do what they should do. His value in the city council is appreciated by the public. The mighty fight that will be put up by the trust crowd to defeat him in the coming election will not, we are certain, net the utility companies any returns beyond expense and chagrin.

## THE DEFENSE OF THAW

In New York a great life drama is being enacted. It is the trial of a man who, crazed by thoughts of a pure girl wronged, then later the same girl as his wife pursued and persecuted by a grinning, soulless traducer of women, wiped out the stain with the blood of her betrayer.

And as the tragic story unfolds, each succeeding line, each chapter spells acquittal.

Crazed or sane, the stories of Evelyn Nesbit Thaw have aroused public sentiment to condone the killing of a conscienceless man.

On the witness stand the wife became the human sacrifice to save all left in the world that is dear to her—her husband.

And now Thaw is to tell the world of the indescribable sufferings which led him to kill Stanford White; the story of the agony of seeing his wife pursued and blackened by an envoy of the devil.

There seems little chance of convicting Harry Thaw.

The appeal of party, the urge of public conditions, the confidence of the non-partisan element, are all calling earnestly to Dr. Anderson to accept the nomination for mayor. The Tribune hopes he may accept. He is representative, he is fair, he is capable. Intensely partisan in his beliefs, he has the happy faculty of eliminating all politics from his administration of public office. Behind him is a record of official achievement which is the citizen's all-sufficient reason for wanting to again repose in him the office of chief executive of this city.

It is anybody's right to seek public office. However, one should not seek nomination by a party against its desire. The possibility of one party nominating its opponent's candidates is a large hole in the primary law. If, therefore, any party man finds discouragement in his own party and encouragement from the opposing party, he should take the hint that he is a catspaw for the other fellows, a straw man to be set up and knocked down.

That trifling donation of thirty-two millions made by Mr. Rockefeller to Chicago university will not accomplish as much good as one carload of coal would have done to the perishing people of the northwest. He has robbed Peter to pay Paul with a vengeance.

Evelyn Nesbit Thaw, unfortunate and misguided, must be admired for her sacrifice in behalf of her husband. Her confession of her own shame must have been as much as her life was worth, and much more than Thaw's is worth.

The Standard Oil company proposes to build a big plant in La Crosse. It should be done with due regard for the safety of the public. The present plant is a menace.

## JUST LIFE

## Tears

After all, what do we cry for,  
Is it something that we try for,  
And in failing  
Set to wailing  
To make dearer what we sigh for?

Is it something that this fretting,  
Proves that we are still regretting,  
Pretty misses,  
By-gone kisses,  
Joy we knew and not forgetting?

No, it's nothing quite so foolish,  
It's a thing indeed more ghoulish,  
No more winners,  
For us sinners,  
While the pastors are so muleish.

## DEATH RATE IN LA CROSSE IS LOW

In his annual report to the common council, delivered last night by Alderman William Grover, Health Commissioner R. D. Major called attention to the decreasing death rate in La Crosse, the increase in births, decrease of contagious diseases and the new demands of the department.

The death rate last year was 10.90 per cent, while in 1905, it was 12.80 per cent. The total number of deaths in 1906 was 434, a decrease of 114, while the births were 612, an increase of 51 over 1905.

Following is the report of the department:

In accordance with my official duty, I have the honor to present this, my annual report of the health department of the city of La Crosse for the year ended December 31st, 1906, as per records of this office.

Total	92 186

## BIRTHS

In duty bound, I wish to call the attention of your honorable body to the necessity of a garbage plant and an isolation hospital. As much as it may be true that this plea is becoming monotonous, just so much is it true that it is becoming essential with the growth of our city. Our former mode of disposal of garbage and night soil was by dumping into the manhole

commissioner on sewers and parks saw fit to serve notice on the health department to cease further dumping through said manhole. The consequence was that the garbage was hauled to the lands back of the John Gund Brewing company's plant and dumped which caused an objection on part of the residents in said neighborhood, which your health department must acknowledge they were justified in doing. With the Cass street manhole sealed against any further use for disposal of garbage and night soil, and strenuous objections on part of the residents in the neighborhood of the designated dumping places, your health department can see only one solution as an expedient, which is the construction of a garbage plant.

The tonnage of garbage collected by the city collectors was four a day. To add to this, the night soil, butchers' and grocers' refuse and that of garden refuse, besides dead animals, would amount to from 10 to 12 tons daily, showing good reasons for the construction of said plant.

## Placing of Garbage Cans

Your health department feels that the present ordinance as to the placing of garbage cans be too lenient, inasmuch as it simply makes it the duty of the property owner to provide his tenant with said can and in default of same simply avoids a duty. In view of this fact the tenant will throw slops in alleys and back yards, until notified by the health officer that this is a violation of the ordinance, when the next mode of procedure will be to cast said waste into the privy vault. The cost of cleaning a privy vault is 15 cents a cubic foot.

To overcome this cost for the landlord and at the same time tending to provide a more cleanly and healthful city, it would be a benefit in place of a hardship to have the city buy garbage cans in large quantities so as to be able to deliver same at a more reasonable price and, to place same wherever found necessary by the health officer, and collect if it must be, by placing cost of can on tax list against concerned property owners. This would cause a more rigid collection of garbage and a greater cost, but should not be a stumbling block, being as it is an issue paramount.

Country garbage collectors who make it a practice to collect garbage for stock food should be compelled to provide themselves with metal cans equal in size to barrel capacity with deep slip-over covers to avoid spilling collections on streets enroute to their way home and from place to place while collecting said garbage.

Detention Hospital. While the main objections to a detention hospital have been, first, appropriation and, second, location, your health department would recommend that your honorable body take steps towards having same built in connection with one of the now existing institutions in our city, thereby curtailing the cost of heating and nurse services while the same might be heated when necessary with but little additional cost which would likely be true with trained nurse services as they could be had without making an agreement for a consideration for any stated time. This would also set aside the various objections as to location. The further tendency in effect would be the possibility of stamping out the chances of spreading contagious diseases, because there would be no opportunity for breaking quarantine. As soon as a case of contagious disease would be reported to the health officer, his first duty would be to see that said person be taken to the hospital and there treated under care of a trained nurse until fully recovered. His second duty would be as soon as possible after conveyance of patient to hospital, to fumigate such room or rooms as found necessary where patient was taken from and so insure no further communication of the disease.

At present we have nothing more than what can properly be termed a pest house. Up to date no cases have been treated there other than smallpox. To take persons there sick with any of the other contagious diseases who would contract while there, the dreaded disease of smallpox would be making the city liable for damages. For the various reasons above stated your health department appeals to your honorable body for a hospital as an incalculable benefit for all concerned.

I desire to thank the board of public works, clerk of the board, health committee, board of health and police department for the kind assistance they have rendered me since my appointment to office.

## Contractors Present Claim

Contractors Woolley & Hanson presented their claim for \$2,150 against the city, held out as penalty in not completing the work of paving Caledonia street on contract time. The contractors claim a strike caused a part of the delay and that city's negligence in placing catch basins in proper condition also delayed them. The strike could not be averted and was considered unpreventable in the contract.

The contractors ask for the entire amount. Suit will be started if it is not forthcoming. The question was referred to the judiciary and finance committees and the city attorney.

JOHN C. BURNS  
FRUIT HOUSEELLIOTT SENDS \$5 TO BE  
RAFFLED FOR FREEPORTEvidence of Good Feeling Between  
Two Cities Manifested in Dona-  
tion to Carnival Funds

As an evidence of the friendly feel-  
ing now existing between the La  
Crosse and Freeport baseball clubs  
of the Wisconsin State league, John  
A. Elliott, president of the La Crosse  
club, has sent a \$5 gold piece to be  
sold to the highest bidder at auction  
at the Freeport baseball carnival.

The show started early in the week,  
the receipts to be used by the base-  
ball association during the 1907 season.  
President Elliott sent \$5 with  
instructions that it should be raffled  
off.

The carnival, from all reports re-  
ceived in La Crosse, has proved a suc-  
cess and several hundred dollars  
have been realized.

## Notes of the Game

Shortstop Mackey will play with  
Freeport next season. Despite re-  
ports to the contrary, and that he  
has been sold, Freeport fans have  
been assured by Manager Shoenhoven  
that Mackey will remain with the  
Pretzels. He was secured from the  
Iowa State league and is reputed to  
be fast.

Outfielder William Medwytzky has  
forwarded his signed contract to La  
Crosse. The lanky outfielder will be  
seen in the sun garden again.

Medwytzky is pleased with La Crosse  
and desires to remain with the  
Champs.

In many letters received from pros-  
pective and old players of La Crosse,  
many call attention to the fact that  
"Pink" Hawley has been retained as  
manager. All are pleased that "Pink"  
will handle the reins again and pre-  
dict a prosperous season.

Baseball is booming in Wausau  
just now. Several new players are under  
consideration.

President Charles Moll, of the Wis-  
consin State league, has written the  
Freeport club, informing the mem-  
bers of his illness and inability to  
attend the carnival. The letter has  
been accepted with good grace, al-  
though Freeport desired to introduce  
the new president in Pretzerville so-  
ciety.

Police Justice C. W. Hunt, the new  
secretary of the La Crosse club, is  
preparing for the annual gist of let-  
ter writing and recording of contracts.  
Signed pledges may be expected ev-  
ery day, since President Elliott has  
started sending out new contracts.

WARREN BECKWITH, FORMER  
GREEN BAY MGR. IN SUITHusband of Grand-daughter of Abra-  
ham Lincoln who Seeks Divorce  
is Badger Baseball Star

Warren W. Beckwith, former man-  
ager of the Green Bay Baseball club,  
of the Wisconsin State league, and  
who played a few games with the  
Champs, has started suit for divorce  
against his wife, a granddaughter of  
President Abraham Lincoln.

During the 1906 season, Beckwith  
spent a large part of his time in La  
Crosse. He also played shortstop for  
the Galesville baseball club last sea-  
son, while encamped near that town.  
Merle Besser, who received a tryout  
from the Champs, was with Beckwith  
during the season. The party had all  
the conveniences for an enjoyable  
outing including houseboats, launch-

es and two big automobiles, and as  
the Beckwiths had a small barrel of  
money, nothing was wanting. Early  
in the season when the Galesville ball  
team was shy of players, Beckwith  
was asked to assist in a game. He  
readily responded and brought with  
him his friend Besser, who was also  
a fast man. The two covered short  
and second the greater part of the  
summer.

The Beckwith party left Galesville  
early in the fall for the south, where  
they had planned to spend the winter.  
La Crosse fans then lost track of  
the Beckwiths for divorce from his wife,  
from whom he has been separated for  
more than seven years. Although  
Beckwith comes from a very wealthy  
family, public interest centers largely  
in his wife, who is a daughter of Rob-  
ert T. Lincoln and granddaughter of  
Abraham Lincoln, the greatest presi-  
dent in the history of the United  
States.

## Eloped From College

Beckwith met Miss Lincoln when  
he was a student at Iowa Wesleyan  
college in 1897. Although his father  
was wealthy, young Beckwith at  
that time was not dealt out money  
by a lavish hand. He was a leader  
in college athletics and was the star  
halfback of his team. It is said that  
at one game when Miss Lincoln was  
present his end runs and vicious line  
plunges punctured not only the de-  
fense of the opposing eleven, but the  
heart of the granddaughter of the  
great president as well, and it was  
not long until the pair had eloped.

Following his elopement Beckwith  
was compelled to leave college.  
The matrimonial affair was not  
pleasing to his father-in-law and, if  
newspaper reports are true, his al-  
lowance must have been cut by pater.  
At any rate, he went to braving on  
a railroad. Later on he took up  
baseball and soon entered the ranks  
of a professional player. A motion picture  
of his career is being made.

twirlers in the Texas league and he  
became known throughout the west  
as the "Texas Wonder." During the  
season of 1905 he managed the Green  
Bay team of the Wisconsin State  
league. His ball playing of late  
years has been but a means of en-  
joyment, for by a provision of his  
father's will he has an income of  
something like \$800 a month for  
spending money.

ROSE NEWTON  
SEEKS HER BOYS

Twice married, once within a few  
hours after a divorce had been granted,  
and twice divorced, Rose Newton,  
Minneapolis, Minn., has started suit  
for the return of her two children,  
Marion Newton, Watertown, Wis.,  
the first husband, desired to have the  
children placed in his custody.

Upon divorce of the Newtons, the  
children were awarded to the wife.  
When she remarried, within a short  
time after the divorce was granted  
by Judge Fruit, the children were re-  
turned to their father. On the second  
divorce, Mrs. Newton secured pos-  
session, the husband alleges by strat-  
egy.

Again in possession of the two sons,  
Mrs. Newton refused to part from  
them. The case was set for hearing  
before Judge Fruit yesterday, but a  
continuance for one week was grant-  
ed. A motion heard last fall in favor  
of the husband was granted. He  
secured a change of the decree after  
the second divorce, awarding him  
the possession of his sons. Mrs.  
Newton claimed at that time that she  
received no notice of the hearing. Her  
claims were not upheld.

Y. M. C. A. BASKET-  
BALL TEAM GOES  
TO HILLSBORO

The La Crosse Young Men's Chris-  
tian association basketball team has  
secured a game with Hillsboro, Wis.,  
Whitesox, one of the fastest teams  
in Wisconsin. The date is Feb. 14  
and the game will be played at Hills-  
boro.

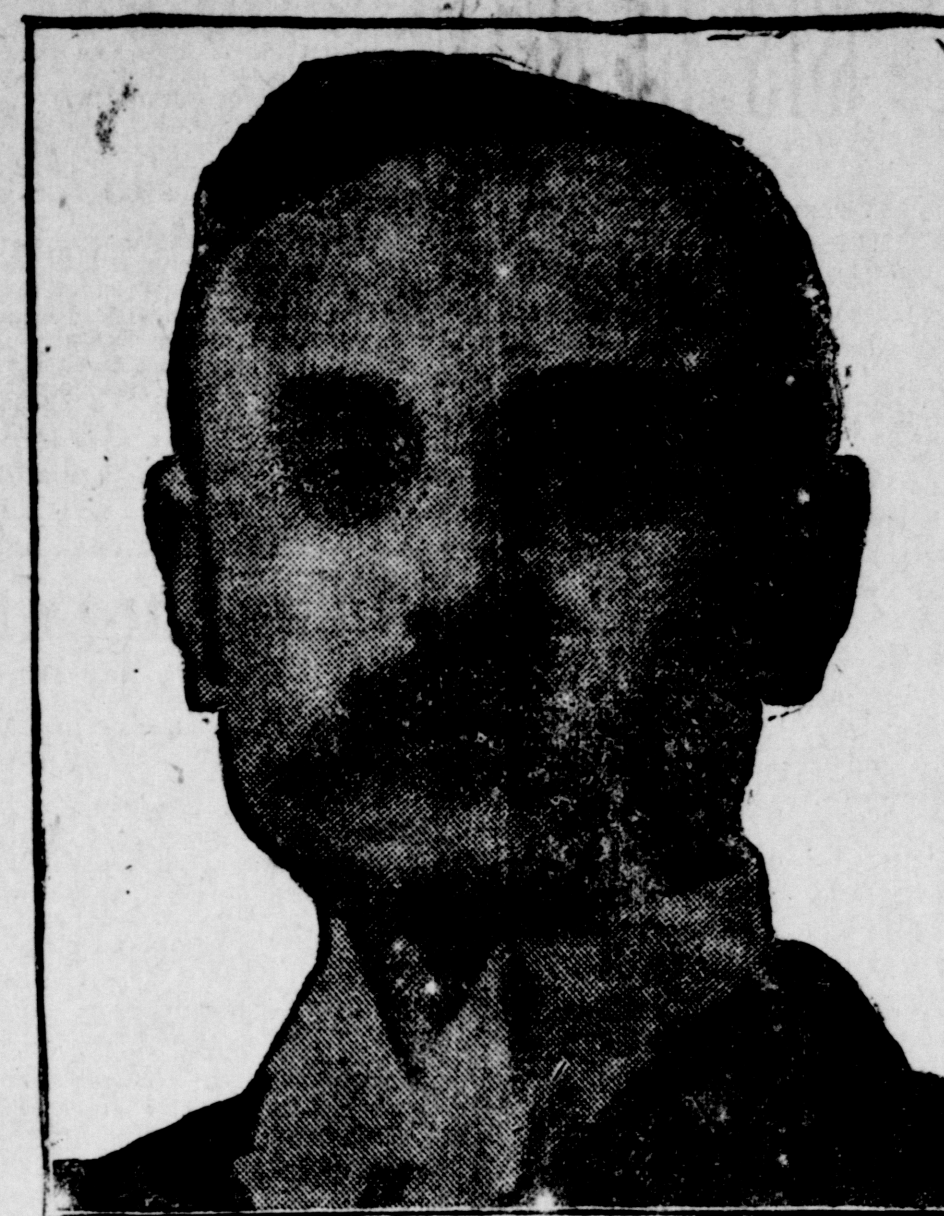

Arrangements are being made for  
a second game on the trip. The local  
players desire to meet Portage, Wis.,  
and negotiations may be concluded  
for this match.

The New York All Five passed  
through La Crosse last Wednesday  
night, taking supper at one of the  
leading hotels. The team cancelled  
its engagement with the local five  
for no just reason. The Y. M. C. A.  
players believe the New Yorkers  
feared La Crosse. The Hillsboro  
team defeated the easterners 33 to  
20. This defeat is worse than the  
one administered to La Crosse.

Practice at the Y. M. C. A. tonight  
will be open. The team is practicing  
hard for the Hillsboro game, and  
hopes to win.

The sum of \$10,000 has been raised

## A God-Given Medicine

Rev. John C. Orebough,  
a prominent clergyman  
and temperance advocate  
says that DUFFY'S PU-  
RE MALT WHISKEY is a God-  
Given Medicine.

Thousands of temperance advo-  
cates and clergymen throughout the coun-  
try agree with Dr. Orebough,  
and have the courage of their conviction  
to recommend DUFFY'S PU-  
RE MALT WHISKEY as the great  
tonic stimulant and body-builder  
known to science.

"I have suffered from irregu-  
lar appetite, diarrhoea, then constipation,  
abnormal temperature, often be-  
normally at times the memory is de-  
and I feel stupid. I have tried man-  
y treatments with no beneficial re-  
sult. I am now to further say that  
I have always been opposed to whiskey  
as a beverage, but have always believed  
that PURE whiskey used as a medi-  
cine was a God-Given one. I NEVER  
found PURE malt until I got 'DUFFY'S'.  
The fact I could get seemed to in-  
crease my trouble and would burn in  
my stomach, but I had nothing dis-  
agreeable with DUFFY'S. It has done  
me a vast good and I trust others may  
use it through my recommendation."  
—(Rev.) JOHN C. OREBOUGH,  
Anderson, Ind., Oct. 2, 1906.

GERMAN AUTHORITIES SEEK  
MURDERER IN LA CROSSEPolice Department Recives Notice to  
be on the Lookout for August  
Stirnicket, who Slew Master

La Crosse county authorities have  
received a letter, warrant and notice  
from the imperial German consul,  
relative to a fugitive from justice,  
who is wanted by the Royal Prussian  
Superior courts at Hirschberg, Silesia  
for murder.

The communication was transmit-  
ted through the German consulate at  
Chicago. Whether it is supposed that  
the criminal came to this part of  
Wisconsin is not known. A story of  
the crime and description of the crim-  
inal accompanies the letter.

## Murdered Master-Miller

August Sternickel, journeyman  
millwright and hatter, is wanted for mur-  
der, robbery and arson. He was born  
on the 11th of May, 1866, at Nieder-  
Machanna, in the District of Rybnik  
in Prussian Silesia, and after several  
convictions was last sentenced to four  
years penal servitude.

Jointly with two other men, Wil-  
helm and Reinhold Pietsch, both mas-  
ons, Sternickel, during the night  
9-10 of June, 1905, murdered a certain  
master-miller named Knappe, at Plag-  
witz, O'Bober (District of Lowen-  
berg in Prussian Silesia), robbed him  
of money and valuables and set fire  
to the mill. The above named Wil-  
helm and Reinhold Pietsch have al-  
ready been discovered and arrested  
and have both admitted the complicity  
of Sternickel.

It is possible that Knappe, having  
at first only been robbed, was dragged  
living into the burning part of the  
building by Sternickel and there met  
an agonizing death.

Immediately after the crime, Stern-  
nickel separated from his accomplices  
and, having stayed a short time in the  
neighborhood of Striegau and Wal-  
denburg, traveled via. Custrin\* and  
Berlin to Westphalia where his par-  
ents and some of his other relatives  
live.

Since then no trace of him has been  
discovered. He may, possibly, have  
fled the country and has, perhaps  
gone to America, where one of his  
brothers has been living for some  
years.

Sternickel is 5 feet 9 inches tall, is  
strong, rather fairly looking, has an

oval and healthy looking face, a high  
forehead, grey eyes, a long reddish  
mustache, and decayed teeth; and is  
getting bald. Head 18.6 cm. long and  
16.1 cm. broad; left middle finger,  
12.5 cm. long; left arm 50.5 cm. long;  
the left wrist is stiff; the little finger  
of the left hand cannot be straight-  
ened; the head is generally thrown  
forward.

At one time he used to tramp a  
great deal through the Province of  
Brandenburg; in 1905 he did the same  
in Prussian Silesia. He would work  
for a short time for millers and, when  
tramping, applied almost solely to  
them for alms.

He seems to have hidden but little,  
and to have put up commonly at inns.  
His failing health forced him occa-  
sionally to resort to hospitals.

For the apprehension of Sternickel  
the competent authorities have of-  
fered a reward of M. 1,000, (\$250.00).  
All public authorities, both home and  
foreign, all newspapers and all pri-  
vate persons are requested to give  
the widest possible publicity to this  
notice, and to forward to me any in-  
formation which might lead to the  
detection of Sternickel.

ruary 20th, 1906.

**CUTICURA REMEDIES IN ALL PARTS OF PARISH**

"My wife was taken badly with eczema for three years, and she employed a doctor with no effect at all until she employed Cuticura Soap and Ointment. One of her hands and her left eye were badly affected, and when she would stop using Cuticura Soap and Ointment the eczema came back, but very slightly; but it did her a sight of good. Then we complied with the instructions in using the entire set of Cuticura Remedies and my wife is entirely recovered. She thanks Cuticura very much and will recommend it highly in our locality and in every nook and corner of our parish. God bless you for the sake of suffering humanity. I. M. **SOUTHERN MAN CURED Of a Terrible Eczema by Cuticura in Six Weeks.**

"Some time ago I suffered terribly with eczema, and I had the best medical attendance, but the more medicine I took the worse it seemed to get. I kept on with medicine for about five weeks until I saw the Cuticura Remedies advertised, and I at once purchased the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, but had not the slightest hope of them curing me. After I had used the first set of the Cuticura Remedies I saw the improvement, and in just six weeks my skin was as smooth as ever. I advise any one suffering from this terrible disease to use the Cuticura Remedies. Henry J. Stolljes, 132 Spring St., Charleston, S. C., June 12, 1906."

**THE REAL TEST**  
Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vipers may look nice and smell nice, but the point is—do they eradicate dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

**WEDS J. P. MORGAN'S NEPHEW**

(Special Tribune Service.) LONDON, Feb. 9.—Not for a very long time has a wedding created so much interest in society as that of Miss Evelyn Cavendish-Bentinck, granddaughter of Mrs. Maturin Livingston of New York, and Walter Spencer Morgan Burns, member of the London house of J. P. Morgan & Co., which took place today.

Though it was the desire of the families of both the bride and bridegroom that the ceremony should be a quiet one, the church was crowded with a most distinguished gathering.

The popularity of both bride and bridegroom was shown by the great number and value of their presents. A tiara said to have cost \$40,000 was only one of Mr. Burns' gifts to his bride. Mrs. Livingston presented to her granddaughter a magnificent diamond collar.

J. Pierpont Morgan, uncle of the bridegroom, presented the bride with a splendid stomacher of brilliant of the first water, designed in Paris.

Among Mrs. Cavendish-Bentinck's presents was a collar of brilliants, set in a Greek pattern, with a clasp containing a magnificent emerald. Mr. and Mrs. Ogden Mills, the bride's uncle and aunt, also gave her a collar of superb diamonds.

The bride's father gave a magnificent table centerpiece of silver and a set of dessert dishes. Mr. Lewis Harcourt, brother-in-law of the bridegroom, gave a great chest of silver. The Duchess of Devonshire's present was an exquisite casket of Italian design, which she bought from a Spanish grandee not long ago.

As brilliant and interesting as the wedding itself was the reception and breakfast that followed at the Cavendish-Bentinck house in Richmond terrace. The breakfast was served at five large, round tables, which were decorated with the family gold and silver plate. The wedding cake was of gorgeous design and was decorated with dozens of little bells of solid silver swung on silver chains supported by the sugar pillars.

Mr. and Mrs. Burns will pass their honeymoon at Nuneham park, Oxford, the country place of the bridegroom's brother-in-law, Mr. Harcourt.

The bride of today is a twin daughter of Mr. and Mrs. George Cavendish-Bentinck. Her mother was a Miss Livingston of New York and a sister of Mrs. Ogden Mills. Her father, George Cavendish-Bentinck, is head of the collateral branch of the dual house of Portland. His sister is the erratic Laly Sykes, whose legal encounters with her elderly and eccentric husband, Sir Tatton Sykes, furnished no end of entertaining material for gossip a few years ago.

The bride herself is very pretty, clever, well educated, and a particularly charming type of the Anglo-American girl. Her twin sister was married last November to Mr. John Ford, in the diplomatic service.

Mr. Walter Burns, the bridegroom, is well known socially and in the world of finance. As a nephew of J. P. Morgan and head of the London branch of the Morgan banking house he has been a conspicuous figure in the business world for some years. His present marriage is his second matrimonial venture. When a very young man he contracted marriage with a Mrs. Wade, once an actress, a beautiful and familiar figure in London, Paris and Monte Carlo. Mr. Burns divorced her and she did not defend the suit.

**WESTON TO SUCCEED WOOD**

(Tribune Special Service.) WASHINGTON, D. C., Feb. 9.—General John F. Weston, who is slated to succeed Major-General Leonard Wood when the latter is recalled from the Philippines, is one of the most popular officers of the army. General Weston is at present in command of the department of Luzon.

General Weston is a native of Kentucky and served through the civil war with the 4th Kentucky volunteer cavalry. At the beginning of the Spanish war he was appointed brigadier-general of volunteers, and in 1899 succeeded General Egan as head of the commissary department of the army.

Few officers in the army of high rank have been so personally popular as General Weston, who has been called the "Rory O'Moore" of the army. This nickname was given him because of his unfailing good nature and kindness, mixed with an Irish humor. At the same time he has always had a high reputation for executive ability.

The invited guests include the attorneys-general and state judges of Massachusetts and neighboring states, judges of the federal courts and many prominent lawyers. President W. H. **POLISH GUARDS TO BE UNIFORMED**

At the last regular meeting held by the Polish Kosciuszko Guards, the members of the society decided to be uniformed. Captain A. Palitzki asked the chairman to appoint a committee of five to decide upon the style of uniforms and to correspond with different firms. The committee is: President J. M. Palitzki, V. Niedbalski, L. Motelinski, J. Wojtecki, J. Kubiak and M. Wojtecki.

Captain A. Palitzki said that when the uniforms are complete they would be the finest in the city.

# HUNDRED AND SEVENTY-SIX BILLS IN ASSEMBLY FRIDAY

## Two Hundred More are Expected to be Ready for Consideration by This Afternoon

(Special Tribune Dispatch.)

MADISON, Wis., Feb. 9.—One hundred and fifteen bills came tumbling into the assembly Friday afternoon and sixty-one came in at the morning session making a total for the day of 176. This was the largest number for any one day at this session. Proceeding the introduction of bills Friday afternoon, the assembly was enlivened by a passage between Assemblymen Bancroft and Grassie. Mr. Bancroft introduced a joint resolution calling on the governor to furnish the legislature with the names of the persons now employed by the state as special counsel, by what authority they were employed and what compensation they had received or were to receive. He wanted the resolution adopted at once. Mr. Grassie wanted to lay it over. Bancroft said it was important to get the information at once, that the state had paid out the past year \$30,000, that a bill was now pending for \$20,000 more, and that one was filed in the secretary of state's office today for \$5,000. Mr. Burke also objected, but Bancroft insisted on his motion for suspension of the rules. On a roll call it was defeated, however, the vote being 43 for and 22 against, being one short of the necessary two-thirds.

Mr. Palmer, the colored member from Milwaukee, gave notice by title that next week he will introduce a joint resolution on the Brownsville affair, but he declined to say what its nature would be. Mr. Thompson presented a joint resolution for an investigation into the soldiers' home at Waupaca; John Scott one for a legislative committee to inspect the levees at Portage, while Mr. Estabrook presented the report of the commission to look into the publication of a his-

tory of Wisconsin's part in the civil war.

Among the more important bills were:

By Mr. Potter, 24, incorporating the recommendations of the legislative insurance investigating committee. They provide for many things, salary, expenses and premiums; prohibit discriminations; require annual division of surplus; set standards; prescribe election of directors; report on gains and losses, etc.

By Coolidge: Requiring physical connection of telephone lines after six days' demand.

By John Scott: For township system of roads.

By Brockhausen: For county schools of agriculture.

By Berner: Authorizing cities to build and rent model dwelling houses.

By Thompson: For state printing plant.

By Berner—Authorizing cities to build and operate fuel depots.

By Roethe: For county uniformity in text books.

By Bancroft: Regulating the liquor traffic, and prescribing one license for each 250 inhabitants.

By Bell: Submitting proposition of woman suffrage to vote of the people in 1908.

By Cleary: To protect public property and animals in Capitol park.

By Burke: For a workshop for blind in Milwaukee.

For the first time at this session the legislature held over Saturday to introduce bills. This is the last day for this purpose and the average this week has been nearly 100 a day. It is said before the session closes today there will be 200 additional bills up for consideration.

# CURIOSITY MAKES HIM TARGET FOR SCARED VILLAGERS

## Kendall's People Thought Hiram Koehler was a Bandit and Fires Fullisade at Him Without Injury

Mistaken for a burglar and twenty shots fired at him, Hiram Koehler miraculously escaped death at Kendall, Wis., a few miles east of La Crosse early yesterday morning. An early morning call to fill a prescription at the drug store of G. R. Evans, by Carl Buchta, the clerk, caused the cannonading.

At 3 o'clock in the morning Buchta, went to the store of Evans. Mr. Evans, who lives above the store, heard him as he left, and under the impression that the store was being robbed, began firing his revolver from a back window. This awoke Postmaster Heding, who lives upstairs next door, and he also went to a window and began firing into the air.

Hiram Koehler, who sleeps in the back part of the drug store, was awakened by the shooting and went outside to see what was going on, and the two upstairs, mistaking him for a burglar, began shooting at him. Dr. Peter Moe, who lives upstairs next to the postmaster, was also awakened and fired a few shots from a window. Meanwhile Koehler, finding himself the target for the others, took refuge in the doorway of George Weise's saloon. Night car tappers and others hastened across from the railroad shop in response to calls for help only to find Koehler crouching in the saloon doorway and shivering with cold and fright. Fully twenty shots had been fired at him without one taking effect.

## NOTABLE BIRTHDAYS

### George Ade

George Ade, the popular young author and playwright, was born at Kentland, Ind., Feb. 9, 1866. He was graduated from Purdue university in 1887. His first work after leaving college was to exploit a patent cure for the tobacco habit. This he did with the aid of a black-faced singing comedian. In this way he traveled about the country, accumulating information that afterwards stood him in good stead. It was three years later that his career really began, when he secured a position as reporter on a Chicago newspaper. He became the writer of a daily column entitled "Stories of the Streets and of the Town," which gained for him considerable of a reputation. It was about this time that he first brought out his famous "Fables in Slang." Later he graduated into a writer of plays, and instantly met with great success. His plays include "The Sultan of Sulu," "Peggy From Paris," "The County Chairman," "The Shotgun" and "The College Widow." It is estimated that during the past few years these plays have brought to Mr. Ade royalties averaging at least \$5,000 a week.

## BISHOP A. K. SAGEN DIES AT HOSPITAL

### Head of Lutheran Synod Succumbs

#### APPENDICITIS WAS CAUSE

#### Local Prelate Failed to Recover from Operation Last Week

Rev. A. K. Sagen, president of the eastern district of the Norwegian Evangelical Lutheran synod of America, residing at 1107 Jackson street, died at 2:30 this morning at the La Crosse Lutheran hospital from the effects of an operation for appendicitis, which he underwent about two weeks ago.

Deceased was 55 years of age, and was born Feb. 11, 1851, near Perry, Wis.

He graduated from Luther college at Decorah, Ia., in 1874, and from the Concordia seminary in St. Louis in 1879.

His first pastorate was at Wild Rose, Minn., where he assisted until 1884. From there he went to Washington Prairie, and Calmar, Ia., where he was located until 1888.

In August, 1888, he was assigned to a pastorate in La Crosse and retained that position until 1894 when he became vice president of the eastern district of the synod of the Norwegian Evangelical Lutheran Church of America.

In 1903 he became president and still officiated in that office up to the time of his recent illness.

He was president of the church extension board from 1893 to 1902 and was a member of the board of home missions from 1895 to 1898.

He was president of the La Crosse Lutheran hospital where he passed away, from 1899 to 1902 and was one of its principal founders. He was at present one of the board of directors and a very prominent and active member.

He leaves a widow and family.

Funeral services will be held here Wednesday, after which the body will be sent to Decorah, Ia., for burial.

## MADGE EELS HADLEY IS DIVORCED

Madge Hadley, nee Madge Eels, the wife of George L. Hadley, Chicago, Ill., formerly an employee of the Bergh Piano company, Fourth and Jay streets, was granted a divorce by Judge Gibbons in thirty minutes in Chicago on Jan. 25, after unusual efforts were made to secure the decree.

The divorce was asked upon statutory grounds. Mrs. Hadley answered all the questions propounded to her by the attorneys in a low and almost inaudible tone. An investigator claimed that he had followed the husband to a house of questionable character and this was used to secure the separation.

Mr. and Mrs. Hadley were married about one and a half years ago after a short courtship. Hadley, a brother-in-law of C. N. Kimball, of the piano manufacturing firm of W. W. Kimball & Co., traveled for the Kimball company. He made frequent trips to La Crosse and often called upon Miss Eels.

Mrs. Hadley was known in society of La Crosse.

Friends here have received no inkling of her further intentions. The news received here does not say whether alimony was allowed.

Capt. William J. Denny, former superintendent of free delivery at the postoffice, is critically ill.

## THREATEN REPEAL OF FRANCHISE

### Resolution Demands Improved Service on Penalty of Discontinuance

Repeal of the franchise of the La Crosse City Railway company is promised if the company does not make needed improvements to its city service by March 1.

A resolution to this effect was introduced by Alderman Valentine, author of the "no seat, no fare" measure of one month ago, last night and passed by the councilmen after a stubborn battle. The vote in favor of the ordinance was nine to seven. The opposing aldermen desired to give the street railway company more time.

Nearly the entire council was a unit to take definite and decided action to bring the company to time. The inadequate and abominable service rendered La Crosse has exasperated the majority of the aldermen.

Following is the vote on the question:

Ayes—Boyle, Downs, Grover, Houska, Jojode, Roellig, Rose, Schulze, Valentine—9.  
Nays—Emery, Goerster, Hirschmeier, Keller, Lang, Rehfuess, Smith—7.

Alderman Rose marshaled the forces against the street railway company, assisting Alderman Valentine at a moment when the outlook was dark. With Aldermen Downs and Schulze contributing their aid, the measure passed with two votes to spare.

#### Measure a Surprise

The report of the committee on the "no seat, no fare" ordinance of Alderman Valentine gave the street railway company until July 1 to better the car service on promise of B. E. Edwards, president of the company, that four new cars had been ordered. This decision was reached in a committee meeting early in the week. The report and resolution passed unanimously, not an alderman voting against it.

When Alderman Valentine introduced his measure, as he had promised earlier in the session, but not revealing its contents, Alderman Rose seconded it. "I would not have voted for the first if I had known the contents of this measure of Alderman Valentine," said Alderman Rose. "It is more forceful and provides a penalty which will compel improvements. The time to do something is now. Presidents Edwards has promised and promised and what has become of these promises. Nothing, they have been dropped from memory gradually. Act now, tonight."

#### Promises Are Nil

"Mr. Edwards promised a line to the Catholic cemetery five years ago or so and it was built only last fall," said Alderman Valentine in his argument. "These promises have never been kept."

"I know the conditions of the North side cars because I am compelled to use them. The conditions are an outrage."

The figures of Superintendent Livemore were introduced, but the aldermen did not see how four more cars would change the service materially, when no new plans for running schedules were announced.

#### Cars if Wanted

Alderman Schulze furnished the clincher for the argument. He said: "During fair time and baseball season, the company always has several cars on hand, ready to accommodate the crowds, but now they have not. The cars are kept in the barn."

"The other night, when returning home, I saw a car filled with men and women. The women were obliged to hold babies high in the air that they would not be crushed or suffocated."

Alderman Keller desired to have a committee appointed to visit the barns of the company during rush hours and ascertain if cars were left in the barn. The move would have delayed action for another month for a meeting of the council will not be called until March. This proposition fell by the wayside when the council voted in the measure of Alderman Valentine.

No unfair advantage will be taken of the company, provided it uses all possible cars in its service and does the best possible. The resolution provides for the repeal of the franchise by the council.

The small son of Charles Voigt of Kenosha ate six strychnine pills that he found while at play. He is still in the hospital.

# ANNOUNCEMENT

The Tribune takes pleasure in announcing today the purchase of the newspaper property, subscription accounts, plant, equipment and good will of The La Crosse Tribune to the Lee Newspaper Syndicate, an organization of newspaper men now owning the Davenport, Iowa, Times; The Ottumwa, Iowa, Courier; The Muscatine, Iowa, Journal and the Hannibal, Mo., Courier-Post.

Mr. A. M. Brayton, who has been the editor of The Tribune will be the publisher of The Tribune under the new management and also a stockholder of the company. Mr. Frank H. Burgess, who for the past four years has been in the office of the Davenport Times, will move to La Crosse at once and will be the business manager of The Tribune. Mr. A. W. Lee, the president of the Lee Newspaper Syndicate will be the president of the La Crosse Tribune company. Other stockholders, besides Mr. Lee and Mr. Brayton will be the following: W. E. Barber, the present business manager of The Tribune, W. V. Kidder, city editor, E. P. Adler, publisher of The Davenport, Iowa, Times, James F. Powell, publisher of the Ottumwa, Iowa, Courier, F. H. Burgess, new business manager of The Tribune. From this list of stockholders, it will be seen that the new Tribune will have behind it the experience and capital of a number of successful newspaper men.

It will be a source of delight to the many staunch friends of The Tribune in La Crosse and the surrounding country who have stood by it through its several years of good work to know that outside capital has become attracted to the property and to La Crosse as a progressive city.

The new owners of the property are all newspaper men of experience and ability and have made this investment in La Crosse believing thoroughly in the future of this city and its territory. They believe that La Crosse is entitled to a first-class metropolitan newspaper such as is published by this organization in the other cities. The new owners of the property contemplate many extensive improvements in the plant and equipment and the appearance of the paper in the near future. The La Crosse Tribune will be equipped as soon as the machinery can be built, with a plant such as has never before been seen in La Crosse and which will be the finest in the state of Wisconsin outside of Milwaukee. A three-deck twenty-four page Goss perfecting press, printing 24,000 complete papers per hour up to and including twelve pages at one impression, will be ordered at once and will be installed as soon as it can be built at the factory. Two additional Mergenthaler typesetting machines will be purchased at once and installed as soon as they can be manufactured. A complete electrical equipment for the operation of the new plant will be also purchased and many other improvements made towards giving La Crosse a newspaper property of which the city can well feel proud. No expense will be spared to make this property strictly first-class. The force of employees will be greatly increased as the new equipment is placed and a much better newspaper will be published to its subscribers. Further announcements as to the plans of the company will be made known from time to time as they develop.

It should also be thoroughly understood that the plans of the new company do not call for any change in the present policy of The Tribune. The new owners will continue to publish the paper in the interests of the whole people of La Crosse and without being an adjunct or connected in any way with any corporation or public utility. Each of the Lee Syndicate papers is handled as a separate and distinct institution and must stand on its own bottom. In the other cities in which papers are owned by this organization, the papers have always stood for the interests of the people and are in no way connected with public utilities of any kind. The business of the Lee Syndicate is to publish newspapers and to give the people the news. They thoroughly realize the first duty of a newspaper

is toward its subscribers. The Lee Syndicate is organized to publish but one paper in a town and by such an organization, paper, ink, machinery, news service and advertising can be handled in a more economical manner. Each one of its properties are conducted on business principles and purely as business propositions. As stated above, The Tribune will appear as usual Monday as an evening newspaper with Mr. Brayton as editor and Mr. Frank Burgess as business manager. Mr. W. V. Kidder will be retained as city editor.

#### TO THE PEOPLE OF LA CROSSE

It is with keen pleasure that we publish today an announcement which incorporates the realization of all our hopes for The Tribune. During nearly three years of incessant labor and intimate relationship with the people of this community, during which this journal has been instrumental in the accomplishment of many things important to La Crosse, we have, we feel, come to know the people, and to appreciate the public spiritedness that characterizes their attitude toward all things relating to the public welfare. We feel deeply grateful for the liberal and loyal support that has been given us, and it affords us satisfaction to be able to assure our readers that The Tribune will not only become a much better newspaper, but will continue the popular policy outlined in its first issue and adhered to through nearly three years of active work in behalf of the common good. Appreciative of past favors and generosity, and ambitious for the continuance of frank and honest journalism here in the future, we commend to your further favor The Tribune as it will be hereafter, a healthy, honest and aggressive metropolitan newspaper, amply financed, whose hopes for success are founded on its publisher's appreciation that all substantial achievement must be based upon fair and fearless dealing with the public. Respectfully,

A. M. BRAYTON,  
W. E. BARBER.

## COUNCIL TAKES INITIAL AUDITORIUM STEP

### MATTER OF BONDING CITY TO BUILD STRUCTURE TO BE VOTED BY PEOPLE

Initial steps toward constructing an auditorium for officers of the Third regiment band, of the Wisconsin National guard, were taken last night by the common council, when a proposition to have the city bond itself in the sum of \$65,000 was read and referred. The proposition will be submitted to a vote of the people at the spring election. The committees on ordinance, finance, grounds and buildings will consider the measure.

Cameron park, Fourth and King streets, is desired as a location for the building. The money will be borrowed from the state trust funds at a low rate of interest, the resolution specifying a 4 per cent, but a lower rate is assured by National guard members. The building will seat 3,500 and the city will receive a portion of the profits from the institution.

Following is the text of the offer of the promoters of the auditorium:

First. That a portion of Cameron park on Fourth and King streets be selected as a site for the proposed building.

Second. That the city shall bond itself in the sum of \$65,000 for the erection of an auditorium to be capable of seating not less than 3,500 people. The guard organizations undertake to use their favored positions as state organizations to obtain the use of state trust funds for the purpose above set forth. They have already received all possible assurance of such aid from the trustees of the state trust funds.

They further agree that the mayor shall be an ex-officio member of the controlling board of the armory and auditorium and that said building shall at all times be available for the holding of public meetings and conventions; that in case of failure to agree on the proper compensation for the holding of said meetings, the common council shall decide arbiter and have the right to fix such reasonable sum as shall be accepted as rentals for said purpose.

Such organizations agree to expend for the necessary care, fuel and lights of said building, the monies received by them from the state for these purposes; they further agree to pay account for all monies received for

## REPUBLICANS TO FRAME A SLATE

### Many Aspirants for Office Will be Out in Spring Campaign

Republicans are stirring themselves for the municipal primary campaign. With the democratic slate almost made up, and two candidates mentioned for mayor, the republicans have decided to begin the battle for nominations. A slate, fixing candidates for nearly every office, has been prepared, but others may enter their names.

Following is a list of aspirants for nomination:  
George W. Bunge, mayor.  
Andrew Thompson, city treasurer.  
Frank Collier, city clerk.  
Joseph Vrchota, tax commissioner.  
E. H. Shaul, city clerk.  
Samuel Guertin, commissioner board of public works.  
Lemuel Gosnell, police justice.  
Andrew Thompson and Lemuel Gosnell already have their primary papers in circulation, while others are expected to follow at once.

It is practically conceded that George W. Bunge will lead the republicans, heading the ticket for mayor.

monies so received shall be devoted:

First. To the care, heating and lighting of the building if such cost be in excess of the state subvention for this purpose.

Second. To such further expense as may be necessarily incurred in the management and operation of said auditorium.

Third. The interest on the construction bonds.

Fourth. Payment annually of \$1,000 into the sinking fund.

Fifth. That they will pay into the sinking fund one-half of all monies received in excess of the above expenditure.

#### Standard Oil to Build

Permission to construct large tanks and storage warehouses, on the causeway just north of the La Crosse river and also the Heileman ice house, was asked by the Standard Oil company. The franchise is for fifty years. The measure was referred to the city attorney and ordinance committees.

The increasing business of the company in the La Crosse district and the desire to make this city one of the headquarters caused the application for a franchise.

Bonds, in the sum of \$15,000, for permanent street improvements, were ordered by the council. The bonds will be dated April 1, 1907 and run for a period of twenty years with interest at 4 per cent. It will be optional with the city to redeem the bonds any time after ten years. The sum of \$750 will be placed in the sinking fund each year to pay off the bonds and \$600 will be realized to pay the interest annually.

#### No Free Fares

School children living a distance of two miles or more from the new high school will not receive free fare from the city. In spite of the favorable reports of two committees after a second consideration of the resolution, the council voted down the measure. The North side members voted as a unit in favor of it, but the South side aldermen, whose children would not be benefited, although some live almost two miles away, were another unit against and carried the day. The resolution provided for the appropriation of \$500 to defray the expenses.

George J. Ritter, tolltaker at the Mississippi river wagon bridge, tendered his resignation. Mayor Torrance read the resignation, which was accepted. Matt Stark, bridge carpenter, was appointed tolltaker to succeed Ritter.

#### Abandon Light Towers

Alderman Roellig read a resolution, providing for an inspection of all electric light towers to see if they are in a safe condition. If not, they will be torn down and street lights placed in their stead. The light committee and Aldermen Jojode and Downs will conduct the investigation.

#### Watchmen at Crossings

Hereafter the Chicago, Burlington & Quincy Railway company must maintain watchmen at Vine, State, Main and Pearl street crossings from the time of the first morning train until the last at night. The road also must stop all trains at Mormon Coulee road crossing and also the causeway, under heavy penalty. The Chicago & Northwestern must maintain a watchman at the La Crosse street

## FUNDS FOR PROSECUTION OF ASSASSIN

### Strange Provision of Thaw's Will

#### NEW TRIAL IS CERTAIN

### Because of Errors, if he is Convicted Now; Thaw to Take the Stand

(Scripps-McRae Dispatch.)

NEW YORK, Feb. 9.—Delmas is reported to have today insisted that Thaw take the stand in his own defense.

It is practically decided the defendant will tell his own story; the story of the mental tortures and sufferings from realization of his wife's persecution without the ability to right them; the visions of her pure soul blackened by a conscienceless envoy of Satan.

It is expected to surpass in dramatic interest Evelyn's tale of her ruin.

NEW YORK, Feb. 9.—Thaw's will is to be Delmas' strong point towards substantiation of the defendant's insanity. He hopes to secure Jerome's consent to its introduction Monday. "The will of itself," said Delmas this morning, "is sufficient evidence to show the effect of White's cruelties on his mind."

The will was drawn on the night of Thaw's marriage, to Evelyn. It is partly typewritten, and partly in the handwriting of Thaw, being interlined and scribbled. However, it is properly signed and sworn, and bears a properly attested codicil.

#### Thaw Feared Assassin

Here are its chief points:  
"A fund of \$50,000 to be set aside by Thaw's trustees for the purpose of prosecuting the man who might assassinate him, or cause him to be assassinated."

"A fund of \$75,000 to be set aside by his trustees for the care of chorin girls and others, all of whose names are mentioned, who were subjected to the same treatment by Stanford White as that received at his hands by Evelyn Nesbit. White's name is specifically mentioned in this clause."

"A fund to be set aside for the education of Howard Nesbit, brother of Evelyn Nesbit Thaw, and the young man who is now arrayed against Thaw."

"Provision for a fixed income for Mrs. Holman, Evelyn Thaw's mother, during the remainder of her life."

"The balance of his income from the Thaw estate, after these trust funds had been created, to be paid over annually to his wife so long as she lived."

#### New Trial Certain

Evelyn visited her husband this morning for two hours.

Gleason and Peabody called for a short conference.

Charles Owens, under subpoena by the state in the Thaw trial, was arrested today and remanded for intoxication and dismissed. Owens is supposed to know the whereabouts of Nellie Neahy, formerly Evelyn's maid, whom Jerome is anxious to bring into court. Owens said he did not know.

Three justices of the supreme court whose names are withheld express the opinion Thaw is certain to gain a new trial even if convicted this time on grounds of a slight error. The error was made, they claim, in permitting Evelyn to lean forward in the witness chair and whisper to the prosecution the names of the men and women she knew in the company of White.

It was previously agreed between counsel that such names would not be mentioned.

Because of opposition of the

At Racine, Judge Belden has filed a decision in the case of William Pierce against the Chicago & Milwaukee Electric railway, denying a motion for a new trial on the part of the defendants. The new line passed through the Pierce farm. Commissioners awarded Mr. Pierce \$4,000 damages. He appealed from the award, and so did the railway company. The case was afterward tried in the circuit court and a jury gave Mr. Pierce a verdict of \$6,500.

## AT THE THEATERS

"Hazel Kirke" was presented by North Brothers last evening and the old play was very well received. This evening "The Bowery Detective," a sensational melodrama in four acts will be produced. It is said to embrace many funny situations and thrilling climaxes. The company will close its engagement tomorrow with two performances. "Tanning a Mother-in-Law" is billed for the matinee and "The Country Girl" at night.

The management in introducing "The Time, the Place and the Girl," which will be produced at the La Crosse theater on Thursday night, next, not only promises but assures us that this production is a distinct departure from all others that have been presented in this city.

"The Time, the Place and the Girl" was taken from an actual occurrence, the scenes being reproduced from photographs around which the story was written. "Johnny Hicks," a slangy, good-natured and honorable young gambler is away from the old stereotyped stage character, very original and refined, and above all, highly pleasing. Molly Kelly, the trained nurse; Pedro, the organ grinder; Willie, the spoiled child, and the Coal Heaver hold up the comedy end of the play. The chorus comes from the LaSalle school, long noted for its "Broilers" having a reputation as being the greatest training school for choristers in America. The cast in its entirety has been carefully selected, the equipment is complete in every detail, the stage being stripped of everything before the arrival of the company to make room for the massive scenic effects.

One of the most beautiful pictures ever witnessed is that used in the second act, 40 young ladies so arranged and grouped to reproduce a large American flag, covering the entire entire stage. Mr. Deagon sings "Thursday's My Jonah Day." Since the days of "After the Ball," nothing has ever equalled this song hit. Seats are now selling for this engagement at the box office of the theater.

A great play, beautiful scenery, and a company of clever actors is what Gordon & Bennett offer the theatergoers of this city when their justly famous production, "The Holy City," comes to the La Crosse theater next Wednesday evening. This great play has been such an emphatic success in its three seasons before the public that it has become almost a household word throughout the country. Its coming to this city may be looked upon as more or less of a compliment to us and a feather in the cap of the local management. Seats for the one performance in this city will be placed on sale Monday morning and from present indications the demand for them will be unusually heavy.

Ellen Beach Yaw stands, not only the queen of coloratura sopranos, but the queen of concert singers as well. Of the few noted singers touring America this year Miss Yaw, probably would be selected as pre-eminent. Beautiful of face, magnetic in per-

sonality, and gifted with a voice such as is heard but once in a decade, it is not at all surprising that her coming to this city on Thursday next should be considered an event of very first importance.

Seats ready next Monday morning.

## WILL NOT DEPEND UPON HOTELS

(Tribune Special Service.)  
CHICAGO, Ill., Feb. 9.—To provide against a possible condition of crowded hotels in New Orleans during the Mardi Gras next week, the passenger department of the Illinois Central railroad is running a special train from Chicago to the Crescent city in which passengers will eat and sleep while there. This is the first time such a scheme has been tried, and it is the outcome of complaints of overcrowded hotels and high rates in New Orleans during the carnival week.

The train, which left this city this morning, is one of the finest ever operated over the Illinois Central, comprising diner, library and observation cars in addition to the sleepers. The train will be operated from Memphis south over the Yazoo and Mississippi Valley route, arriving at Vicksburg and the National Military park. New Orleans will be reached at 9 o'clock Sunday evening.

## Society

By ALICE W. WHEELER.

There has been a mad rush in society for the last few days and invitations are coming in thick and fast, and all classes are improving the last few days before the holy season of Lent which begins on Wednesday. Sets in, for then it is supposed all gaiety and frivolity will be laid aside for forty days, the time to be spent in attending Lenten services, consultation with dressmakers and remodeling of passe gowns.

Though there are a few less conservative people who will pop up with their informal afternoon card parties and the various literary clubs will still be in the ring.

The week opens at the theater with the musical comedy, "The Time, the Place and the Girl." It is said to be irresistibly funny. Two other attractions will also be presented, "The Holy City," and Ellen Beach Yaw.

### RECEPTION

One of the pleasing events of the season was the afternoon reception Friday afternoon at the home of Alfred Harrison, 1333 Main street, at which his wife and daughter, Miss Miriam Harrison were hostesses. It was one of the regular old time affairs, such as has not been given for a long time. Where one meets all their friends and neighbors, therefore exceedingly enjoyable. Three hundred invitations were sent out and it is safe to say from appearances that nearly all were accepted.

The rooms were all simply decorated in green and red, carnations and smilax being used to good advantage in all available places. The ladies in charge of the reception rooms were Mesdames Ray S. Reid, J. L. Pettigill, Alex Hyslop, E. L. Spicer. The dining room was in charge of Mrs. Meason and Mrs. W. A. Pryor. Mrs. Oyen and Mrs. W. F. Wolfe attended with Mrs. H. J. Hirschheimer in serving coffee and salad. Their assistants were the Misses Irma, Olga and Jeanette Candrian and Miss Edna Valier. In the library where the ice cream was served were Mrs. Sarles and Miss Maud Pettigill, assisted by Miss Edna Coren and Miss Freda Michel. Miss Esther Wagner attended the door.

The event was so charming that many lingered long after the receiving hour and then took their departure with reluctance.

See those well engraved visiting cards, announcements and invitations, at Stephenson & Robson, room 12, Coren building, new phone 780 R.

The Twentieth Century club met with Mrs. A. H. Mitchell Tuesday afternoon. The lesson was upon cooperation in the home and was ably led by Mrs. C. W. Emery. An unusually interesting paper upon "The New Woman" was read by Mrs. Florence Bunting and both lesson and paper brought out an animated discussion by the members. Delicious refreshments were served.

The Ladies' society of the First Congregational church will be entertained at the church parlors Thursday afternoon by Mrs. S. P. Walker and Mrs. Emma Boley.

Miss Jessie Holway entertained the Wednesday Afternoon Bridge club. The prizes were taken by Jane Beisel and Helen Bellerue. Miss Bellerue will entertain the club at the next meeting which will be in the nature of a valentine party.

Miss Georgine McDonald entertained the Tuesday Afternoon Reading club this week.

The Ladies' society of the First Presbyterian church is preparing for a bazaar which will be held the latter part of March. It will be a novel affair and a little out of the ordinary.

The Ladies' society of the First Presbyterian church will be entertained Monday at 3 p. m. by Mrs. B. C. Smith, 515 North Eighth street.

### DANCING PARTIES

The United Commercial Travelers' ball was given Friday evening at Woodman hall. The hall was pretty and gay with suitable decorations. At midnight a most delicious supper was served after which dancing was continued for several hours.

The committee of arrangements were Messrs. B. C. Smith, F. W. Sisson, F. A. Replin, W. B. Benton and W. F. Hurtgen. It was one of the largest and pleasantest affairs which has ever been given by this organization.

### STEADY HAND

A Surgeon's Hand Should Be the Firmest of All.

"For fifteen years I have suffered from insomnia, indigestion and nervousness as a result of coffee drinking," said a surgeon the other day. "The dyspepsia became so bad that I had to limit myself to one cup at breakfast. Even this caused me to lose my food soon after I ate it."

"All the attendant symptoms of indigestion, such as heart burn, palpitation, water brash, wakefulness, or disturbed sleep, bad taste in the mouth, nervousness, etc., were present to such a degree as to incapacitate me for my practice as a surgeon."

"The result of leaving off coffee and drinking Postum, was simply marvelous. The change was wrought forthwith, my hand steadied and my normal condition of health was restored." Name given by Postum Co.

**ARCADIANS ASK AN ANTI-CIGARETTE LAW IN MINN.**

Mothers and fathers of Arcadia, Wis. have sent a petition to the Minnesota legislature asking that an anti-cigarette law be enacted in the Gopher state. The failure of the Wisconsin law to prevent Arcadia youths from securing "pills" is given as the cause.

After the enactment of the anti-cigarette law by the Wisconsin legislature two years ago, Arcadia youths were deprived of the paper covered smokes. The law was enforced strictly in Arcadia, but soon the boys made trips to Winona, Minn., and secured a plentiful stock. The purchase was easy because no cigarette law is in force in Minnesota.

With this state of affairs on hand Arcadia rapidly took up the habit of cigarettes and it has grown. Now the residents desire to stop it and believe the easiest way is to have Minnesota pass a law, thus cutting off the source of supply.

**Charcoal Stops Gas On Your Stomach**

Wonderful Absorbing Power of Charcoal When Taken in the Form of Stuart's Charcoal Lozenges.

**TRIAL PACKAGE SENT FREE.**  
Charcoal, pure, simple charcoal, absorbs 100 times its own volume of gas. Where does the gas go to? It is just absorbed by the charcoal, the gas disappears and there is left a pure, fresh, sweet atmosphere, free from all impurities and germs.

That's what happens in your stomach when you take one or two of Stuart's Charcoal Lozenges, the most powerful purifiers science has yet discovered.

You belch gas in company, sometimes, by accident, greatly to your own humiliation. That is because there is a great amount of gas being formed in your stomach by fermenting food. Your stomach is not digesting your food properly. Gas is inevitable. Whenever this happens, just take one or two of Stuart's Charcoal Lozenges right after eating, and you will be surprised how quickly they will act. No more belchings, no more sour risings. Eat all you want and what you want, and then if there is any gas going to be formed, one of these wonderful little absorbers, a Stuart Charcoal Lozenge, will take care of all the gas.

And it will do more than that. Every particle of impurity in your stomach and intestines is going to be carried away by the charcoal. No one seems to know why it does this, but it does, and does it wonderfully. You notice the difference in your appetite, general good feeling, and in the purity of your blood, right away.

You'll have no more bad taste in your mouth or bad breath, either from drinking, eating or smoking. Other people will notice your bad breath quicker than you will yourself. Making your breath pure, fresh and sweet, so when you talk to others you won't disgust them. Just one or two Stuart's Charcoal Lozenges will make your breath sweet, and make you feel better all over for it. You can eat all the onions and odoriferous foods you want, and no one can tell the difference.

Besides, charcoal is the best laxative known. You can take a whole boxful and no harm will result. It is a wonderfully easy regulator.

And then, too, it filters your blood, every particle of poison or impurity in your blood is destroyed, and you begin to notice the difference in your face first thing,—your clear complexion.

Stuart's Charcoal Lozenges are made from pure willow charcoal, and just a little honey is put in to make them palatable, but not too sweet.

They will work wonders in your stomach, and make you feel fine and fresh. Your blood and breath will be purified.

We want to prove all this to you, so just send for a free sample today. Then after you get it and use it, you will like them so well that you will go to your druggist and get a 25c box of these Stuart Charcoal Lozenges.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 54 Stuart Bldg., Marshall, Mich.

## A FALSIFICATION EXPOSED

The accusation so frequently inspired in a certain quarter that Alderman Walter R. Rose is, "A corporation tool," was answered last evening in a decisive manner when Mr. Rose assumed the championship of Alderman Valentine's aggressive resolution to force the street car company to immediately relieve the demand for better service on pain of losing its franchise.

As reported from committee by Chairman Keller, the original resolution gaped with loopholes for further delay and evasion. Alderman Valentine's resolution was business from start to finish, but standing alone in his advocacy of its substitution, the North side member seemed in a good way to see his effective suggestion go down to defeat. Alderman Rose came up to the occasion in a pointed speech, and immediately the advisability of prompt and uncompromising action was impressed on the members, who promptly passed the Valentine resolution.

One of the tricks of men who are "owned" by corporations is to attempt to smear all who oppose them with the same soot that mars their own features. Alderman Rose has been from the start a thorn in the side of the public utilities whenever they have attempted to do what they should not do or neglected to do what they should do. His value in the city council is appreciated by the public. The mighty fight that will be put up by the trust crowd to defeat him in the coming election will not, we are certain, net the utility companies any returns beyond expense and chagrin.

## THE DEFENSE OF THAW

In New York a great life drama is being enacted. It is the trial of a man who, crazed by thoughts of a pure girl wronged, then later the same girl as his wife pursued and persecuted by a grinning, soulless traducer of women, wiped out the stain with the blood of her betrayer.

And as the tragic story unfolds, each succeeding line, each chapter spells acquittal.

Crazed or sane, the stories of Evelyn Nesbit Thaw have aroused public sentiment to condone the killing of a conscienceless man.

On the witness stand the wife became the human sacrifice to save all left in the world that is dear to her—her husband.

And now Thaw is to tell the world of the indescribable sufferings which led him to kill Stanford White; the story of the agony of seeing his wife pursued and blackened by an envoy of the devil.

There seems little chance of convicting Harry Thaw.

The appeal of party, the urge of public conditions, the confidence of the non-partisan element, are all calling earnestly to Dr. Anderson to accept the nomination for mayor. The Tribune hopes he may accept. He is representative, he is fair, he is capable. Intensely partisan in his beliefs, he has the happy faculty of eliminating all politics from his administration of public office. Behind him is a record of official achievement which is the citizen's all-sufficient reason for wanting to again repose in him the office of chief executive of this city.

It is anybody's right to seek public office. However, one should not seek nomination by a party against its desire. The possibility of one party nominating its opponent's candidates is a large hole in the primary law. If, therefore, any party man finds discouragement in his own party and encouragement from the opposing party, he should take the hint that he is a catpaw for the other fellows, a straw man to be set up and knocked down.

That trifling donation of thirty-two millions made by Mr. Rockefeller to Chicago university will not accomplish as much good as one carload of coal would have done to the perishing people of the northwest. He has robbed Peter for Paul with a vengeance.

Evelyn Nesbit Thaw, unfortunate and misguided, must be admired for her sacrifice in behalf of her husband. Her confession of her own shame must have been as much as her life was worth, and much more than Thaw's is worth.

The Standard Oil company proposes to build a big plant in La Crosse. It should be done with due regard for the safety of the public. The present plant is a menace.

## JUST LIFE

## Tears

After all, what do we cry for,  
Is it something that we try for,  
And in falling  
Set to wailing  
To make dearer what we sigh for?

Is it something that this fretting,  
Proves that we are still regretting,  
Pretty misses,  
By-gone kisses,  
Joy we knew and not forgetting?

No, it's nothing quite so foolish,  
It's a thing indeed more ghoulish,  
No more winners,  
For us sinners,  
While the pastors are so muleish.

## DEATH RATE IN LA CROSSE IS LOW

In his annual report to the common council, delivered last night by Alderman William Grover, Health Commissioner R. D. Major called attention to the decreasing death rate in La Crosse, the increase in births, decrease of contagious diseases and the new demands of the department. The death rate last year was 10.90 per cent, while in 1905, it was 12.80 per cent. The total number of deaths in 1906, was 434, a decrease of 114, while the births were 612, an increase of 51 over 1905.

Following is the report of the department:

In duty bound, I wish to call the attention of your honorable body to the necessity of a garbage plant and an isolation hospital. As much as it may be true that this plea is becoming monotonous, just so much is it true that it is becoming essential with the growth of our city. Our former mode of disposal of garbage and night soil was by dumping in the manhole

commissioner on sewers and parks saw fit to serve notice on the health department to cease further dumping through said manhole. The consequence was that the garbage was hauled to the lands back of the John Gund Brewing company's plant and dumped which caused an objection on part of the residents in said neighborhood, which your health department must acknowledge they were justified in doing. With the Cass street manhole sealed against any further use for disposal of garbage and night soil, and strenuous objections on part of the residents in the neighborhood of the designated dumping places, your health department can see only one solution as an expedient, which is the construction of a garbage plant.

The tonnage of garbage collected by the city collectors was four a day. To add to this, the night soil, butchers' and grocers' refuse and that of garden refuse, besides dead animals, would amount to from 10 to 12 tons daily, showing good reasons for the construction of said plant.

## Placing of Garbage Cans

Your health department feels that the present ordinance as to the placing of garbage cans be too lenient, inasmuch as it simply makes it the duty of the property owner to provide his tenant with said can and in default of same simply avoids a duty. In view of this fact, the tenant will throw slops in alleys and back yards, until notified by the health officer that this is a violation of the ordinance, when the next mode of procedure will be to cast said waste into the privy vault. The cost of cleaning a privy vault is 15 cents a cubic foot.

To overcome this cost for the landlord and at the same time tending to provide a more cleanly and healthful city, it would be a benefit in place of a hardship to have the city buy garbage cans in large quantities so as to be able to deliver same at a more reasonable price and, to place same wherever found necessary by the health officer, and collect if it must be, by placing cost of can on tax list against concerned property owners. This would cause a more rigid collection of garbage and a greater cost, but should not be a stumbling block, being as it is an issue paramount.

Country garbage collectors who make it a practice to collect garbage for stock food should be compelled to provide themselves with metal cans equal in size to barrel capacity with deep slip-over covers to avoid spilling collections on streets enroute to their way home and from place to place while collecting said garbage.

## Detention Hospital

While the main objections to a detention hospital have been, first, appropriation and, second, location, your health department would recommend that your honorable body take steps towards having same built in connection with one of the now existing institutions in our city, thereby curtailing the cost of heating and nurse services while the same might be heated when necessary with but little additional cost which would likely be true with trained nurse services as they could be had without making an agreement for a consideration for any stated time. This would also set aside the various objections as to location. The further tendency in effect would be the possibility of stamping out the chances of spreading contagious diseases, because there would be no opportunity for breaking quarantine. As soon as a case of contagious disease would be reported to the health officer, his first duty would be to see that said person be taken to the hospital and there treated under care of a trained nurse until fully recovered. His second duty would be as soon as possible after conveyance of patient to hospital, to fumigate such room or rooms as found necessary where patient was taken from and so insure no further communication of the disease.

At present we have nothing more than what can properly be termed a pest house. Up to date no cases have been treated there other than smallpox. To take persons there sick with any of the other contagious diseases who would contract while there, the dreaded disease of smallpox would be making the city liable for damages. For the various reasons above stated your health department appeals to your honorable body for a hospital as an incalculable benefit for all concerned.

I desire to thank the board of public works, clerk of the board, health committee, board of health and police department for the kind assistance they have rendered me since my appointment to office.

## Contractors Present Claim

Contractors Wooley & Hanson presented their claim for \$2,150 against the city, held out as penalty in not completing the work of paving Caledonia street on contract time. The contractors claim a strike caused a part of the delay and that city's negligence in placing catch basins in proper condition also delayed them. The strike could not be averted and was considered unpreventable in the contract.

The contractors ask for the entire amount. Suit will be started if it is not forthcoming. The question was referred to the judiciary and finance committees and the city attorney.

## ELLIOTT SENDS \$5 TO BE RAFFLED FOR FREEPORT

### Evidence of Good Feeling Between Two Cities Manifested in Dona- tion to Carnival Funds

As an evidence of the friendly feeling now existing between the La Crosse and Freeport baseball clubs of the Wisconsin State league, John A. Elliott, president of the La Crosse club, has sent a \$5 gold piece to be sold to the highest bidder at auction at the Freeport baseball carnival.

The show started early in the week, the receipts to be used by the baseball association during the 1907 season. President Elliott sent \$5 with instructions that it should be raffled off.

The carnival, from all reports received in La Crosse, has proved a success and several hundred dollars have been realized.

**Notes of the Game**  
Shortstop Mackey will play with Freeport next season. Despite reports to the contrary, and that he has been sold, Freeport fans have been assured by Manager Shoenhoven that Mackey will remain with the Pretzels. He was secured from the Iowa State league and is reputed to be fast.

Outfielder William Medwytzky has forwarded his signed contract to La Crosse. The lanky outfielder will be seen in the sun garden again.

Medwytzky is pleased with La Crosse and desires to remain with the Clamps.

In many letters received from prospective and old players of La Crosse, many call attention to the fact that "Pink" Hawley has been retained as manager. All are pleased that "Pink" will handle the reins again and predict a prosperous season.

Baseball is booming in Wausau just now. Several new players are under consideration.

President Charles Moll, of the Wisconsin State league, has written the Freeport club, informing the members of his illness and inability to attend the carnival. The letter has been accepted with good grace, although Freeport desired to introduce the new president in Pretzelville society.

Police Justice C. W. Hunt, the new secretary of the La Crosse club, is preparing for the annual gist of letter writing and recording of contracts. Signed pledges may be expected every day, since President Elliott has started sending out new contracts. Captain Bond is spending the winter at Bloomfield, Ia., at the home of his mother. His wife is with him.

## WARREN BECKWITH, FORMER GREEN BAY MGR. IN SUIT

### Husband of Grand-daughter of Abraham Lincoln who Seeks Divorce is Badger Baseball Star

Warren W. Beckwith, former manager of the Green Bay Baseball club, of the Wisconsin State league, and who played a few games with the Champs, has started suit for divorce against his wife, a granddaughter of President Abraham Lincoln.

During the 1906 season, Beckwith spent a large part of his time in La Crosse. He also played shortstop for the Galesville baseball club last season, while encamped near that town. Merle Besser, who received a tryout from the Champs, was with Beckwith during the season. The party had all the conveniences for an enjoyable outing including houseboats, launch-

es and two big automobiles, and as the Beckwiths had a small barrel of money, nothing was wanting. Early in the season when the Galesville ball team was shy of players, Beckwith was asked to assist in a game. He readily responded and brought with him his friend Besser, who was also a fast man. The two covered short and second the greater part of the summer.

The Beckwith party left Galesville early in the fall for the south, where they had planned to spend the winter. La Crosse fans then lost track of them until last week, when the papers came out with the initial proceedings of Beckwith for divorce from his wife, from whom he has been separated for more than seven years. Although Beckwith comes from a very wealthy family, public interest centers largely in his wife, who is a daughter of Robert T. Lincoln and granddaughter of Abraham Lincoln, the greatest president in the history of the United States.

#### Eloped From College

Beckwith met Miss Lincoln when he was a student at Iowa Wesleyan college in 1897. Although his father was wealthy, young Beckwith at that time was not dealt out money by a lavish hand. He was a leader in college athletics and was the star halfback of his team. It is said that at one game when Miss Lincoln was present his end runs and vicious line plunges punctured not only the defense of the opposing eleven, but the heart of the granddaughter of the great president as well, and it was not long until the pair had eloped.

Following his elopement Beckwith was compelled to leave college. The matrimonial affair was not pleasing to his father-in-law and, if newspaper reports are true, his allowance must have been cut by pater. At any rate, he went to braving on a railroad. Later on he took up baseball and soon entered the ranks. A motion picture of Beckwith in a

twirlers in the Texas league and he became known throughout the west as the "Texas Wonder." During the season of 1905 he managed the Green Bay team of the Wisconsin State league. His ball playing of late years has been but a means of enjoyment, for by a provision of his father's will he has an income of something like \$800 a month for spending money.

## ROSE NEWTON SEEKS HER BOYS

Twice married, once within a few hours after a divorce had been granted, and twice divorced, Rose Newton, Minneapolis, Minn., has started suit for the return of her two children, Marion Newton, Watertown, Wis., the first husband, desired to have the children placed in his custody.

Upon divorce of the Newtons, the children were awarded to the wife. When she remarried, within a short time after the divorce was granted by Judge Fruit, the children were returned to their father. On the second divorce, Mrs. Newton secured possession, the husband alleges by strategy.

Again in possession of the two sons, Mrs. Newton refused to part from them. The case was set for hearing before Judge Fruit yesterday, but a continuance for one week was granted. A motion heard last fall in favor of the husband was granted. He secured a change of the decree after the second divorce, awarding him the possession of his sons. Mrs. Newton claimed at that time that she received no notice of the hearing. Her claims were not upheld.

## Y. M. C. A. BASKET- BALL TEAM GOES TO HILLSBORO

The La Crosse Young Men's Christian association basketball team has secured a game with Hillsboro, Wis., Whitesox, one of the fastest teams in Wisconsin. The date is Feb. 14 and the game will be played at Hillsboro.

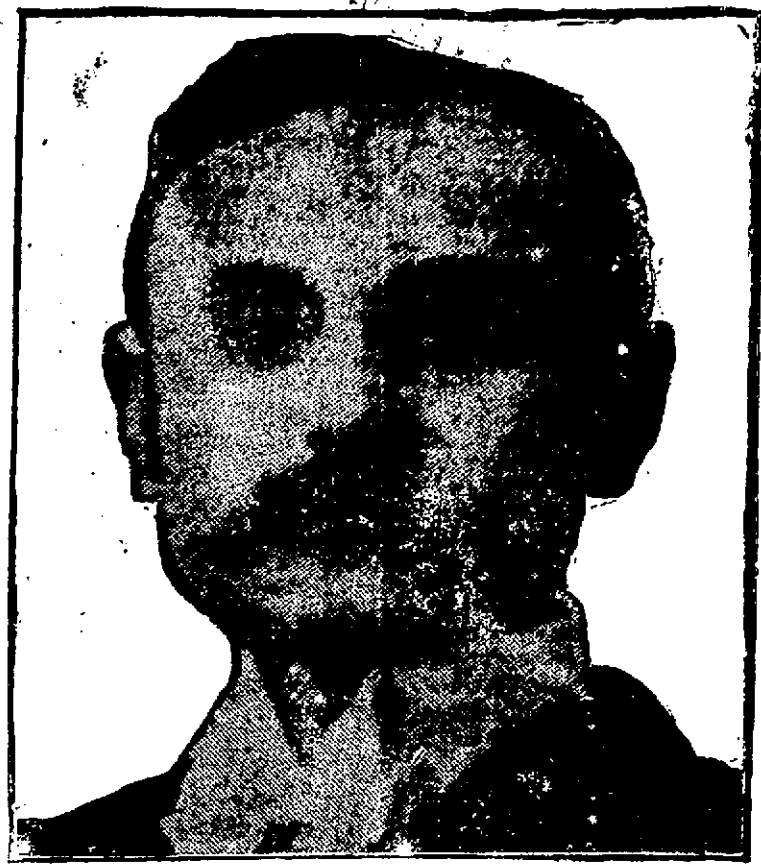

Arrangements are being made for a second game on the trip. The local players desire to meet Portage, Wis., and negotiations may be concluded for this match.

The New York All Five passed through La Crosse last Wednesday night, taking supper at one of the leading hotels. The team cancelled its engagement with the local five for no just reason. The Y. M. C. A. players believe the New Yorkers feared La Crosse. The Hillsboro team defeated the easterners 33 to 20. This defeat is worse than the one administered to La Crosse.

Practice at the Y. M. C. A. tonight will be open. The team is practicing hard for the Hillsboro game, and hopes to win.

MALT WHISKEY is a God-  
Given Medicine.

Thousands of temperance advocates and clergymen throughout the country agree with Dr. Orebaugh, and have the courage of their conviction to recommend DUFFY'S PURE MALT WHISKEY as the great tonic, stimulant and body-builder known to science.

"I have suffered from irregular appetite, diarrhoea, then constipation, abnormal somnolence, often belching, at times the stomach is distended and I feel stupid. I have tried my treatments with no beneficial result. Reason me to look more say that I have always been opposed to whiskey as a beverage, but have always believed that PURE whiskey used as a medicine was a God-Given cure. I NEVER found PURE until I got 'DUFFY'S.' The last I could get seemed to improve my appetite and would burn in my stomach, but I had nothing disagreeable with DUFFY'S. It has done me a great good and I trust others may see it through my recommendation."

## GERMAN AUTHORITIES SEEK MURDERER IN LA CROSSE

### Police Department Recives Notice to be on the Lookout for August Stirnicket, who Slew Master

La Crosse county authorities have received a letter, warrant and notice from the imperial German consul, relative to a fugitive from justice, who is wanted by the Royal Prussian Superior courts at Hirschberg, Silesia for murder.

The communication was transmitted through the German consulate at Chicago. Whether it is supposed that the criminal came to this part of Wisconsin is not known. A story of the crime and description of the criminal accompanies the letter.

#### Murdered Master-Miller

August Sternicket, journeyman miller and hatter, is wanted for murder, robbery and arson. He was born on the 11th of May, 1866, at Niederschanna, in the District of Rybnik in Prussian Silesia, and after several convictions was last sentenced to four years penal servitude.

Jointly with two other men, Wilhelm and Reinhold Pietsch, both masons, Sternicket, during the night 9-10 of June, 1905, murdered a certain master-miller named Knappe, at Plagwitz, Oboer (District of 'Lowenberg in Prussian Silesia'), robbed him of money and valuables and set fire to the mill. The above named Wilhelm and Reinhold Pietsch have already been discovered and arrested and have both admitted the complicity of Sternicket.

It is possible that Knappe, having at first only been robbed, was dragged living into the burning part of the building by Sternicket and there met an agonizing death.

Immediately after the crime, Sternicket separated from his accomplices and, having stayed a short time in the neighborhood of Striegau and Waldenburg, traveled via Custrin and Berlin to Westphalia where his parents and some of his other relatives live.

Since then no trace of him has been discovered. He may, possibly, have fled the country and has, perhaps gone to America, where one of his brothers has been living for some years.

Sternicket is 5 feet 9 inches tall, is strong, rather fairly looking, has an

oval and healthy looking face, a high forehead, grey eyes, a long reddish mustache, and decayed teeth; and is getting bald. Head 18.6 cm. long and 16.1 cm. broad; left middle finger, 12.5 cm. long; left arm 50.5 cm. long; the left wrist is stiff; the little finger of the left hand cannot be straightened; the head is generally thrown forward.

At one time he used to tramp a great deal through the Province of Brandenburg; in 1905 he did the same in Prussian Silesia. He would work for a short time for millers and, when tramping, applied almost solely to them for alms.

He seems to have hidden but little, and to have put up commonly at inns. His falling health forced him occasionally to resort to hospitals.

For the apprehension of Sternicket the competent authorities have offered a reward of M. 1,000, (\$250.00). All public authorities, both home and foreign, all newspapers and all private persons are requested to give the widest possible publicity to this notice, and to forward to me any information which might lead to the detection of Sternicket.

## SEVERE ECZEMA CURED IN SOUTH

Suffers Three Years—Hands and Eye Most Affected—Employed Doctor to No Effect—Now Entirely Recovered and Will Recommend

### CUTICURA REMEDIES IN ALL PARTS OF PARISH

"My wife was taken badly with eczema for three years, and she employed a doctor with no effect at all until she employed Cuticura Soap and Ointment. One of her hands and her left eye were badly affected, and when she would stop using Cuticura Soap and Ointment the eczema came slightly, but very slightly. Then we complied with the instructions in using the entire set of Cuticura Remedies and my wife is entirely recovered. She writes Cuticura very much, and will recommend it highly in our locality and in every nook and corner of our parish. God bless you for your remedy. I M. Robert, Hyslopville, La., Jan. 5 and Sept. 1, 1906."

### SOUTHERN MAN CURED Of a Terrible Eczema by Cuticura in Six Weeks.

"Some time ago I suffered terribly with eczema, and I had the best medical attendance, but the more medicine I took the worse it seemed to get. I kept on with medicine for about five weeks until I saw the Cuticura Remedies advertised, and I at once purchased the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, but had not the slightest hope of their curing me. After I had used the first set of the Cuticura Remedies I saw the improvement, and in just six weeks my skin was as smooth as ever. I advise any one suffering from this terrible disease to use the Cuticura Remedies. Henry J. Stulljes, 132 Spring St., Charleston, S. C., June 12, 1906."

Of Herpicide Is in Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vipers may look nice and smell nice, but the point is do they eradicate dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Herpicide stands the "test of use." It is a delightful, dressing, clear, pure and free from oil or grease.

## WEDS J. P. MORGAN'S NEPHEW

(Special Tribune Service.)

LONDON, Feb. 9.—Not for a very long time has a wedding created so much interest in society as that of Miss Evelyn Cavendish-Bentinck, granddaughter of Mrs. Maturin Livingston of New York, and Walter Spencer Morgan Burns, member of the London house of J. P. Morgan & Co., which took place today.

Though it was the desire of the families of both the bride and bridegroom that the ceremony should be a quiet one, the church was crowded with a most distinguished gathering. The popularity of both bride and bridegroom was shown by the great number and value of their presents. A taira said to have cost \$40,000 was only one of Mr. Burns' gifts to his bride. Mrs. Livingston presented to her granddaughter a magnificent diamond collar.

J. Pierpont Morgan, uncle of the bridegroom, presented the bride with a splendid stomacher of brilliant of the first water, designed in Paris.

Among Mrs. Cavendish-Bentinck's presents was a collar of brilliant, set in a Greek pattern, with a clasp containing a magnificent emerald. Mr. and Mrs. Ogden Mills, the bride's uncle and aunt, also gave her a collar of superb diamonds.

The bride's father gave a magnificent table centerpiece of silver and a set of dessert dishes. Mr. Lewis Harcourt, brother-in-law of the bridegroom, gave a great chest of silver. The Duchess of Devonshire's present was an exquisite casket of Italian design, which she bought from a Spanish grandee not long ago.

As brilliant and interesting as the wedding itself was the reception and breakfast that followed at the Cavendish-Bentinck house in Richmond terrace.

The breakfast was served at five large, round tables, which were decorated with the family gold and silver plate. The wedding cake was of gorgeous design and was decorated with dozens of little bells of solid silver, swung on silver chains supported by the sugar pillars.

Mr. and Mrs. Burns will pass their honeymoon at Nunham park, Oxford, the country place of the bridegroom's brother-in-law, Mr. Harcourt.

The bride of today is a twin daughter of Mr. and Mrs. George Cavendish-Bentinck. Her mother was a Miss Livingston of New York and a sister of Mrs. Ogden Mills. Her father, George Cavendish-Bentinck, is head of the collateral branch of the dual house of Portland. His sister is the erratic Lady Sykes, whose legal encounters with her elderly and eccentric husband, Sir Tatton Sykes, furnished no end of entertaining material for gossip a few years ago.

The bride herself is very pretty, clever, well educated, and a particularly charming type of the Anglo-American girl. Her twin sister was married last November to Mr. John Ford, in the diplomatic service.

Mr. Walter Burns, the bridegroom, is well known socially and in the world of finance. As a nephew of J. P. Morgan and head of the London branch of the Morgan banking house he has been a conspicuous figure in the business world for some years.

His present marriage is his second matrimonial venture. When a very young man he contracted marriage with a Mrs. Wade, once an actress, a beautiful and familiar figure in London, Paris and Monte Carlo. Mr. Burns divorced her and she did not defend the suit.

### WESTON TO SUCCEED WOOD

(Tribune Special Service.)

WASHINGTON, D. C., Feb. 9.—General John F. Weston, who is slated to succeed Major-General Leonard Wood when the latter is recalled from the Philippines, is one of the most popular officers of the army. General Weston is at present in command of the department of Luzon.

General Weston is a native of Kentucky and served through the civil war with the 4th Kentucky volunteer cavalry. At the beginning of the Spanish war he was appointed brigadier-general of volunteers, and in 1899 succeeded General Egan as head of the commissary department of the army.

Few officers in the army of high rank have been so personally popular as General Weston, who has been called the "Rory O'Moore" of the army. This nickname was given him because of his unfailing good nature and kindness, mixed with an Irish humor. At the same time he has always had a high reputation for executive ability.

### POLISH GUARDS TO BE UNIFORMED

(Tribune Special Service.)

At the last regular meeting held by the Polish Kosciuszko Guards, the members of the society decided to be uniformed. Captain A. Palitzki asked the chairman to appoint a committee of five to decide upon the style of uniforms and to correspond with different firms. The committee is: President J. M. Palitzki; J. Niedbalski, L. Motelski, J. Wojtecki, J. Kubiak and M. Wojtecki.

Captain A. Palitzki said that when the uniforms are complete they would be the finest in the city.

### BIG ATHLETIC MEET IN GOTHAM

(Tribune Special Service.)

NEW YORK, Feb. 9.—The cream of the club and college athletes of the east will be soon at their best in Madison Square Garden tonight at the annual games of the Pastime Athletic club. The meet has all the features of a championship competition and is attracting universal attention among lovers of athletic sport.

The relay races for the various clubs and associations, in addition to the open events, promise to be hotly contested, and the 500-yard special race is expected to furnish a new indoor record, supplanting the present mark at 1:14, held by Eli B. Parsons of Yale university and the New York Athletic club. Those specially invited to take part in this event include, besides Parsons, Marvin W. Sheppard, the famous Philadelphia flyer of the Irish A. C., and Harry Hillman, an equally speedy runner of the New York Athletic club.

The full list of events to be contested is as follows: Sixty-yard run, 220, 440, 880 yards, one and three mile runs, standing high jump, running high jump, putting 16-pound shot, 60-yard high hurdle race, potato race, intercollegiate relay, Catholic Athletic relay, inter-settlement relay, and a relay for the Sunday School Athletic League.

### NEGRO CLAIMS TO BE 106

(Special Tribune Service.)

CIRCLEVILLE, O., Feb. 9.—Joshua Dade, who claims to be the oldest ex-slave in the country, celebrated his 106th birthday today. He was a slave of the Joseph Edwards' estate in Orange county, Virginia. His age is borne out by the records of the Edwards family. He was freed before the war ended and immediately came to Ohio, where he has since lived. His father died in Lancaster at the age of 102.

# HUNDRED AND SEVENTY-SIX BILLS IN ASSEMBLY FRIDAY

## Two Hundred More are Expected to be Ready for Consideration by This Afternoon

(Special Tribune Dispatch.)

MADISON, Wis., Feb. 9.—One hundred and fifteen bills came tumbling into the assembly Friday afternoon and sixty-one came in at the morning session making a total for the day of 176. This was the largest number for any one day at this session.

Proceeding the introduction of bills Friday afternoon, the assembly was enlivened by a passage between Assemblymen Bancroft and Grassie.

Mr. Bancroft introduced a joint resolution calling on the governor to furnish the legislature with the names of the persons now employed by the state as special counsel, by what authority they were employed and what compensation they had received, or were to receive.

He wanted the resolution adopted at once. Mr. Grassie wanted to lay it over. Bancroft said it was important to get the information at once, that the state had paid out the past year \$30,000 more, and that one was filed in the secretary of state's office today for \$5,000.

Mr. Burke also objected, but Bancroft insisted on his motion for suspension of the rules. On a roll call being 43 for and 22 against, being one short of the necessary two-thirds.

Mr. Palmer, the colored member from Milwaukee, gave notice by title that next week he will introduce a joint resolution on the Brownsville affair, but he declined to say what its nature would be.

Mr. Thompson presented a joint resolution for an investigation into the soldiers' home at Waupaca; John Scott one for a legislative committee to inspect the levees at Portage, while Mr. Estabrook presented the report of the commission to look into the publication of a history of Wisconsin's part in the civil war.

Among the more important bills were:

By Mr. Potter, 24, incorporating the recommendations of the legislative insurance investigating committee. They provide for many things, salary, expenses and premiums; prohibit discriminations; require annual division of surplus; set standards; prescribe election of directors; report on gains and losses, etc.

By Coolidge: Requiring a physical connection of telephone lines after six days' demand.

By John Scott: For township system of roads.

By Brockhausen: For county schools of agriculture.

By Berner: Authorizing cities to build and rent model dwelling houses.

By Thompson: For state printing plant.

By Berner—Authorizing cities to build and operate fuel depots.

By Roether: For county uniformity in text books.

By Bancroft: Regulating the liquor traffic, and prescribing one license for each 250 inhabitants.

By Bell: Submitting proposition of woman suffrage to vote of the people in 1908.

By Cleary: To protect public property and animals in Capitol park.

By Burke: For a workshop for blind in Milwaukee.

For the first time at this session the legislature held over Saturday to introduce bills. This is the last day for this purpose and the average this week has been nearly 100 a day. It is said before the session closes today there will be 200 additional bills up for consideration.

His first work after leaving college was to exploit a patent cure for the tobacco habit. This he did with the aid of a black-faced singing comedian. In this way he traveled about the country, accumulating information that afterwards stood him in good stead. It was three years later that his career really began, when he secured a position as reporter on a Chicago newspaper. He became the writer of a daily column entitled "Stories of the Streets and of the Town," which gained for him considerable of a reputation. It was about this time that he first brought out his famous "Fables in Slang." Later he graduated into a writer of plays, and instantly met with great success. His plays include "The Sultan of Sulu," "Peggy From Paris," "The County Chairman," "The Shotgun" and "The College Widow." It is estimated that during the past few years these plays have brought to Mr. Ade royalties averaging at least \$5,000 a week.
